Background: This is the action we take each spring and fall to provide a place for the electric vehicle car rally. The City of Wayne is also a co-sponsor of the event along with WSC, OPPD and NPPD.

6. [Resolution 2012-16: Setting Board of Equalization Hearing Date for Sidewalk Improvement District No. 2010-1 \(First Street from Pearl Street to Main Street\) for April 3, 2012, at or about 5:30 p.m.](#)

10. [Resolution 2012-20: Approving the Plans, Specifications and Estimate of Cost for the Phase II – Paving Improvement Project for Western Ridge Subdivision as Prepared by the City’s Engineer](#)

Background: One of the goals from the 2012 Mayor and Council Strategic Planning Retreat was to pave the remaining portions of Western Ridge II. The water and sewer mains are already in place. This action will authorize city staff to advertise for paving bidders. Staff recommendation is that the cost of the paving be recovered from the future sale of the lots.

11. [Action on Purchase of Catalytic Equipment for Power Plant Project \(\\$315,233\) — Gene Hansen, Superintendent of Electric Production](#)

Background: The EPA has issued new air quality standards for power plants that will become effective May, 2013. Before we ordered this equipment, we were trying to out-wait the EPA for any possible change in either the May, 2013, compliance date or the 50 hours per year maximum operation time. However, we now need to order the equipment so we can install it by May, 2013. If we don’t install this equipment, we can’t run the plant except during local outages, and we will lose our \$650,000 per year lease payments from NPPD. The cost for this equipment is \$315,000. The total project cost estimate installed is about \$700,000.

Recommendation: The recommendation of Gene Hansen, Superintendent of Electric Production, is to order and install the equipment so we can comply with our NPPD Capacity Lease Agreement.

12. Discussion Regarding the Verizon Tower Located on City Hall Property – 306 Pearl Street

Background: The City of Wayne installed the communications tower on the north side of City Hall in 1987. Since that time, we have added more antennas and leased space to Verizon for cell-phone antennas. Each time we add new equipment, we not only require a compatibility study to determine that there will be no signal interference, but also a structural engineer determination that the tower is strong enough. Verizon has asked us for approval to install new antennas, and the engineer study shows that the tower no longer quite meets National Building Code standards for 150' tall pipe leg towers in 90 MPH winds with just city antennas. With the new Verizon antennas, additional reinforcement of the base connections and lower legs is needed. We currently lease tower space and basement control room space to Verizon for about \$2,000 per month. Verizon has bid out the reinforcement construction work and the bid is \$142,000. Verizon has proposed to split the cost with the City, pay the full cost of the project up front and abate the monthly lease payments to the City until they have recovered \$71,000 back from us. No action is requested at this time, but an agreement is being prepared. This is for discussion purposes only at this time.

13. [Action to Authorize the City Administrator to Temporarily Pay Out Police Department Vacation Leave in the Amount Over the Accrual Limit at Current Wage Rates](#)

Background: In order to provide full-time coverage by police officers and dispatchers, we are unable to grant most requests for vacation leave. Under our current policy, employees that have accumulated 280 hours of unused vacation leave can no longer accrue additional vacation leave until they use some of their vacation leave. I recommend that we temporarily pay out the vacation time the employees are unable to use each pay period until we have staff in place to allow vacation leave when requested.

14. [Adjourn](#)

APPROVED AS TO FORM AND CONTENT:

Mayor

City Administrator

Councilmember Frevert made a motion and Councilmember Brodersen seconded to approve the claims. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Mayor Chamberlain advised the public that a copy of the Open Meetings Act was located on the south wall of the Council Chambers and was available for public inspection. In addition, he advised the public that the Council may go into closed session to discuss certain agenda items to protect the public interest or to prevent the needless

injury to the reputation of an individual and if such individual has not requested a public hearing.

Tom Sievers, Fire Chief, introduced Sharlene Sievers and requested Council consideration to approving her membership application to the Wayne Volunteer Fire Department Cadet Program.

Councilmember Frevert made a motion, which was seconded by Councilmember Alexander, approving the membership application of Sharlene Sievers to the Wayne Volunteer Fire Department Cadet Program. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Tom Sievers, Fire Chief, introduced Joseph Burrows and requested Council consideration to approving his membership application to the Wayne Volunteer Fire Department Cadet Program.

Councilmember Brodersen made a motion, which was seconded by Councilmember Alexander, approving the membership application of Joseph Burrows to the Wayne Volunteer Fire Department Cadet Program. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Tom Sievers, Fire Chief, introduced Derek Pinzon and requested Council consideration to approving his membership application to the Wayne Volunteer Fire Department.

Councilmember Frevert made a motion, which was seconded by Councilmember Ley, approving the membership application of Derek Pinzon to the Wayne Volunteer Fire Department. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Heather Claussen, Chairperson representing the Wayne Pool Renovation/Replacement Committee, updated the Council on the Committee's findings to date and requested Council consideration to the Committee's recommendation to approve the proposed agreement with JEO Consulting Group to conduct a pool study.

The Committee is proposing that the pool study include the following options for the pool:

1. Renovation of the existing swimming pool and bath house.
 - a. Use the existing main pool structure
 - b. Add a zero depth entry
 - c. Add two additional lap lanes
 - d. Replace the existing bath house with a new building
 - e. Eliminate the current wading pool
2. Build a new Outdoor Aquatic Facility in the best location to fit the design
 - a. Possible locations are: current pool location, Activity Center, or old city lagoon area
 - b. The main pool would include the following features: zero depth entry, 6 lap lanes, slide with a plunge area, diving boards, and play structures
3. Build a new indoor/outdoor pool attached to the Activity Center
 - a. Indoor pool would include 6 lap lanes and diving boards
 - b. Outdoor pool would be zero depth entry, with slide and play structures
4. Renovation of the outdoor pool and building with a new indoor pool at the Activity Center.
 - a. Outdoor renovation would include new bath house along with zero depth entry
 - b. Indoor pool would include 6 lap lanes and diving boards.

The Committee felt that a pool study would allow them to make an educated recommendation to the Council.

It was noted that one of the reasons for examining the possibility of an indoor pool is the fact that Dr. Jeff Carstens from Wayne State College is on this committee, and Wayne State College is somewhat going through this same process. There may be a possibility of a joint venture or partnership with Wayne State College on this indoor pool option.

Roger Protzman of JEO Consulting Group was present to review the agreement for the pool study. They will review the data and drawings provided by the City and also seek assistance from Associated Pool Builders who will provide construction and operations opinions and costs for indoor facilities in the study. JEO will then develop options for consideration as above listed. The cost for the pool study will be \$9,895. In 90 days, JEO will have a draft report for the Committee to review. There will be an additional 30 days to finalize the study. This gives JEO the opportunity to see the current pool in operation, and also the chance to visit other facilities in operation. The Committee also talked about conducting a public survey. JEO prepared a preliminary survey for the committee to review.

Councilmember Sturm arrived at 6:45 p.m.

Councilmember Ley introduced Resolution 2012-11 and moved for its approval; Councilmember Berry seconded.

RESOLUTION NO. 2012-11

A RESOLUTION APPROVING AGREEMENT WITH JEO CONSULTING GROUP, INC., FOR PROFESSIONAL SERVICES FOR A POOL STUDY.

Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Roger Protzman of JEO Consulting Group, the engineer on the 2009-2010 Wastewater Treatment Facility Improvement Project, was present to discuss Change Order No. 5 in the amount of \$7,980.68. The reasons for this change order are:

- The water main was found to go under the existing entrance road rather than in the terrace per locates provided during the survey and as-built plans for the old facility which necessitated a minor extension and removal and replacement of a portion of the drive;
- Insertion of a valve during start up as recommended by the manufacturer to allow operators the ability to service and protect the grit pump and classifier units; and
- The field adjustment of the elevation of the drum screen to improve overhead clearance into the building.

Mr. Protzman stated the project is substantially complete, but as per contract documents, the sidewalks are to be installed in the spring. However, the contract completion dates do not reflect this, thus the Change Order also extends completion of the project for installation of the sidewalks, final grading and seeding only.

Councilmember Ley made a motion and Councilmember Sturm seconded approving Change Order No. 5 for the 2009-2010 Wastewater Treatment Facility Improvement Project in the amount of \$7,980.68. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Roger Protzman also stated that a pay request has been received from Eriksen Construction Company for the Wastewater Treatment Plant Project in the amount of \$237,137.50. This application for payment reflects the existing project is complete, and the contractor is requesting the release of the retainage. Because the sidewalks are not a specific line item, it has been agreed at progress meetings that the City will withhold \$50,000 until the sidewalks and final site work are complete, but that the remainder of the retainage can be released.

Councilmember Ley made a motion and Councilmember Sturm seconded approving Application for Payment No. 17 for the Wastewater Treatment Plant Project in the amount of \$237,137.50 for Eriksen Construction Company. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Mr. Protzman stated lastly for Council's consideration is the "Recommendation of Acceptance" for the project. Substantial completion was set for September 5, 2011, by contract, and clear water testing began approximately September 9, 2011, with wastewater introduced September 15, 2011. The first test sample was collected on September 29, 2011, and the contract indicated approximately a 30-day startup period. Therefore, JEO was recommending the Phase I work be accepted as completed as of October 5, 2011.

In addition, the clarifier and sludge pump modifications were scheduled to be completed in the next 120 days, and the contract completion date was set for February 4, 2012. Therefore, they were recommending that this work be accepted as completed as of February 4, 2012.

Councilmember Sturm introduced Resolution 2012-12 and moved for its approval; Councilmember Alexander seconded.

RESOLUTION NO. 2012-12

A RESOLUTION ACCEPTING WORK ON THE "2009-2010 WASTEWATER TREATMENT FACILITY IMPROVEMENTS PROJECT".

Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Phil Lorenzen of D.A. Davidson & Co., the City's bonding agent, was present and stated the following resolution is a housekeeping item. Under the current tax code, if the City advances monies from another fund without having a reimbursement resolution in place within sixty days of said advancement, then it is impossible to refund that borrowed fund using tax exempt bond proceeds. The check for payment of the chassis and truck was made on 1/3/12, so this will comply with that 60-day requirement.

Councilmember Sturm introduced Resolution 2012-13 and moved for its approval; Councilmember Alexander seconded.

RESOLUTION NO. 2012-13

A RESOLUTION APPROVING REIMBURSEMENT OF FUNDS TEMPORARILY ADVANCED TO PAY FOR THE FIRE TRUCK.

Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Mr. Lorenzen stated the following Ordinance will authorize the issuance of Public Safety Tax Anticipation Bonds in the principal amount of \$355,000. The total project was about \$575,000. He recommended deferring payments until 2022 and then run them through 2028. The ordinance before the Council would authorize the bonds under that schedule. Due to the instability of the market, this is a parameters ordinance, and he requested Council to approve the same subject thereto.

Councilmember Alexander introduced Ordinance 2012-7, and moved for approval thereof subject to the same being a parameters ordinance as presented by Phil Lorenzen; Councilmember Brodersen seconded.

ORDINANCE NO. 2012-7

AN ORDINANCE AUTHORIZING THE ISSUANCE OF PUBLIC SAFETY TAX ANTICIPATION BONDS OF THE CITY OF WAYNE, NEBRASKA, IN THE PRINCIPAL AMOUNT OF THREE HUNDRED FIFTY-FIVE THOUSAND DOLLARS (\$355,000) FOR THE PURPOSE OF PAYING THE COSTS OF THE ACQUISITION OF CERTAIN PUBLIC SAFETY EQUIPMENT; PRESCRIBING THE FORM OF SAID BONDS; PROVIDING FOR THE LEVY AND COLLECTION OF TAXES TO PAY THE SAME; PROVIDING FOR THE SALE OF THE BONDS; AUTHORIZING THE DELIVERY OF THE BONDS TO THE PURCHASERS; PROVIDING FOR THE DISPOSITION OF BOND PROCEEDS; AND ORDERING THE ORDINANCE PUBLISHED IN PAMPHLET FORM.

Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Councilmember Alexander made a motion and Councilmember Sturm seconded to suspend the statutory rules requiring ordinances to be read by title on three different days. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Councilmember Alexander made a motion and Councilmember Haase seconded to move for final approval of Ordinance No. 2012-7. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Mr. Lorenzen stated that the following ordinance pertains to the electric revenue bonds. Wayne has a fairly good asset base invested, so rather than borrow the money from the debt service reserve fund, which is required under the prior ordinances for outstanding bonds, the suggestion is that the City simply self-fund the 10% debt service reserve fund. The \$2,150,000 will shrink by the amount of the debt service reserve fund and also by the \$250,000 grant the City will receive for the project, which would then bring the total down to \$1,680,000. This allows the payment schedule to be shortened. Again, this is a parameters ordinance and should be approved as such.

Councilmember Alexander introduced Ordinance 2012-8, and moved for approval thereof subject to the same being a parameters ordinance as presented by Phil Lorenzen; Councilmember Ley seconded.

ORDINANCE NO. 2012-8

AN ORDINANCE OF THE CITY OF WAYNE, NEBRASKA, AUTHORIZING THE ISSUANCE OF ELECTRIC REVENUE BONDS, SERIES 2012, OF THE CITY OF WAYNE, NEBRASKA, IN THE PRINCIPAL AMOUNT OF ONE MILLION SIX HUNDRED EIGHTY THOUSAND DOLLARS (\$1,680,000), FOR THE PURPOSE OF PROVIDING FUNDS TO PAY THE COST OF CERTAIN ELECTRIC SYSTEM IMPROVEMENTS; PROVIDING FOR NECESSARY RESERVE FUNDS AND PAYING COSTS OF ISSUANCE OF SAID BONDS; PRESCRIBING THE FORM, TERMS AND DETAILS OF SAID BONDS; PLEDGING AND HYPOTHECATING THE REVENUE AND EARNINGS OF THE ELECTRIC PLANT AND DISTRIBUTION SYSTEM OF SAID CITY FOR THE PAYMENT OF SAID BONDS AND INTEREST THEREON; PROVIDING FOR THE COLLECTION, SEGREGATION AND APPLICATION OF THE REVENUE OF SAID ELECTRIC SYSTEM; ENTERING INTO A CONTRACT ON BEHALF OF THE CITY WITH THE HOLDERS OF SAID BONDS; REPEALING ANY CONFLICTING ORDINANCES AND PROVIDING FOR PUBLICATION OF THE ORDINANCE IN PAMPHLET FORM.

Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Councilmember Alexander made a motion and Councilmember Sturm seconded to suspend the statutory rules requiring ordinances to be read by title on three different days. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Councilmember Alexander made a motion and Councilmember Sturm seconded to move for final approval of Ordinance No. 2012-8. Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Mayor Chamberlain declared the time was at hand for the public hearing to consider the Planning Commission's recommendation in regard to amending Wayne Municipal Code Section 90-10 — Family.

Joel Hansen, Zoning Administrator, stated this public hearing was the result of an application from a landlord to amend the zoning text regarding the definition of Family which limits the number of unrelated adults living in a single-family structure to no more than four. Mr. Hansen assisted the applicant in creating a new definition using the language from RDG, the consultant who reviewed the language and recommended changes previously reviewed by the Zoning Steering Committee. Staff recommendation to the Planning Commission was to allow up to six unrelated individuals to be considered a family, provided that the lot was of sufficient size to provide 1,200 square feet per occupant and 1.25 parking spaces per occupant (either on the lot or on the terrace provided the area is paved). The rationale is that larger lots with plenty of space to provide for adequate parking are a good avenue to provide more housing without negatively impacting neighboring single-family homes.

The Planning Commission's recommendation on this matter was to amend Section 90-10 Definitions, specifically Family, to allow no more than six unrelated individuals provided that 1.00 parking space is provided per occupant and the lot must be of sufficient size to provide 1,000 square feet per occupant, subject to the following "Findings of Fact":

- Staff's recommendation; and
- This is consistent with the comprehensive plan and the current and future land use maps.

City Attorney Miller advised the Council that she was concerned that there could be a perception of unequal treatment if the parking requirements are included in the “family” definition. Her recommendation was that if the Council wanted to approve what the Planning Commission was recommending that the parking requirements be in a separate section of the code instead of included in the definition of “family.”

Councilmember Sturm asked if there was any way a person could ask for a use by exception instead of amending the code. Mr. Hansen thought that the code be worded as such that a person could ask for a use by exception. Councilmember Sturm, however,, agreed with the parking requirements as recommended.

Mayor Chamberlain liked the idea of adding language to the code which would allow people to apply for a use by exception permit.

There being no further comments, Mayor Chamberlain closed the public hearing.

Council consensus was for Mr. Hansen to take this matter back to the Planning Commission for further discussion and recommendation to Council. No action was taken on Ordinance 2012-9.

Councilmember Sturm introduced Ordinance 2012-3 and moved for approval of the second reading thereof; Councilmember Brodersen seconded.

ORDINANCE NO. 2012-3

AN ORDINANCE EXTENDING THE HOURS OF SALE OF ALCOHOLIC LIQUOR FOR ST. PATRICK’S DAY ACTIVITIES.

A RESOLUTION ACKNOWLEDGING NEBRASKA DEPARTMENT OF ROADS' REQUIREMENTS FOR THE TEMPORARY USE OF THE STATE HIGHWAY SYSTEM FOR SPECIAL EVENTS.

Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, the Mayor declared the motion carried.

Administrator Johnson stated the following Resolution would approve the engineering agreement with Advanced Consulting for the Western Ridge Paving Project. This is a result of one of the goals established at the Council Retreat, which is to pave the remainder of Western Ridge. This agreement is for design services at a cost of \$10,500. This is not on the City's One and Six Year Street Improvement Plan which then requires a public hearing to amend the same.

Lou Benscoter was present and spoke in opposition of the Council approving this Resolution/Agreement and moving forward with this project. He had concerns with competing against subsidized lots in Western Ridge. He requested the Council table this matter and sit down with him and other contractors to discuss the matter. He stated if the Council is going to subsidize the lots in Western Ridge then they will have to subsidize his so he can compete. If the City keeps the cost of its lots the same as his, he will compete with the City.

Councilmember Frevert didn't think the City was taking Mr. Benscoter's idea, as was stated in Mr. Benscoter's e-mail, since the Western Ridge Subdivision was started approximately 5 years ago and Mr. Benscoter's Subdivision was started 3 years ago.

Councilmember Alexander stated the Council at their retreat talked about getting different types of homes to develop in Western Ridge, and the Council thought in order to get those types of homes in that area, the street needed to be paved.

It was noted that the paving costs could be added to the price of the lot.

Councilmember Berry asked if the matter could be tabled until the prices of the lots in Western Ridge were determined.

Councilmember Alexander introduced Resolution No. 2012-15 and moved for its approval; Councilmember Haase seconded.

RESOLUTION NO. 2012-15

A RESOLUTION APPROVING AGREEMENT FOR PROFESSIONAL SERVICES BETWEEN THE CITY OF WAYNE AND ADVANCED CONSULTING ENGINEERING SERVICES FOR THE PHASE II – PAVING IMPROVEMENT PROJECT FOR WESTERN RIDGE SUBDIVISION.

Mayor Chamberlain stated the motion, and the result of roll call being all Yeas, with the exception of Councilmember Berry who abstained, the Mayor declared the motion carried.

Chair Haase stated the motion, and the result of roll call being all Yeas, the Chair declared the motion carried.

A request has been made by Dan Rose, on behalf of Wayne NG Cars, LLC, for a 90-day extension on the current purchase agreement they have with the City for land in the industrial park on the east side of town. Production orders for CNG cars should be

forthcoming in the next 90 days that would allow them to fulfill the agreement and purchase the property.
