RESOLUTION NO. 2018-24

A RESOLUTION ACKNOWLEDGING NEBRASKA DEPARTMENT OF ROADS' REQUIREMENTS FOR THE TEMPORARY USE OF THE STATE HIGHWAY SYSTEM FOR SPECIAL EVENTS (HENOWEEN AND WAYNE CHICKEN SHOW).

Mayor Brodersen stated the motion, and the result of roll call being all Yeas, with the exception of Councilmember Buck who was absent, the Mayor declared the motion carried.

Administrator Blecke stated that one proposal was received for the Operation Agreement for the Transfer Station, and that was from Gill Hauling. Both Leonard and Bernie Gill were present to answer questions. They have agreed to everything in the request for proposal, with the exception that they would like to be able to charge for taking recycling in the future. In addition, they have increased their monthly payment to the City from \$1,000 to \$1,500.

Scott with Van's Sanitation and Recycling out of LeMars, Iowa, explained why there might need to be a charge for recycling in the future. It is not uncommon for facilities to charge for recycling. He started the facility five years ago. At that time, they ran the facility only 2.5 days per week. They are now up to 7 days per week. Gill is bringing in five, sometimes six, loads per week.

Mr. Gill stated in 2017, they picked up approximately 210 tons of recycling and in 2016, that number was 115 tons. They have seen a large increase from the City of Wayne in recyclables. Handling recyclables is expensive. He gave the Wayne Green Team a lot of credit for promoting recycling, but he thought what everybody had to understand was that recycling is no longer free, nor can it be free. They will continue doing business as usual for the next 30 days, but sometime between now and the next 30 days, they have to have further discussions before approving a contract. The City of Wayne has done a very good job at promoting recycling; in fact, too good a job. The City could make recycling mandatory, which would cut down on the confusion at the transfer station, at least on Friday and Saturday. He suggested a

minimum of \$1.00 per transaction at the transfer station, whether it is somebody who wants to bring in recycling in a small bag or in a 50-gallon barrel.

Councilmember Giese stated he thought the Council wanted to see two different proposals. One, continuing down the same path as they have been going where they charge for recycling, and the other being where the trash service would subsidize the need to charge a fee at the transfer station.

Councilmember Eischeid made a motion, which was seconded by Councilmember Giese, to table action on Resolution No. 2018-25 until the June 5th council meeting. Amy Miller, City Attorney, advised the Council that the Civil Service Commission has reviewed and made amendments to their Rules and Regulations. The last amendment was in 2012. The same is identified as Article V in their Rules and Regulations. WHEREAS, it is the recognized responsibility of the College to provide and maintain a certain basic level of public services for its student population, including the areas of health and public safety, and

WHEREAS, it is recognized that the provisions of said basic services are sometimes best accomplished jointly because of certain hardships which might be experienced if undertaken singularly, and

WHEREAS, it is recognized that certified, sworn law enforcement officers can enhance the level of protection provided to the students by civilian security officers, and

WHEREAS, it is the desire of the parties hereto signed to participate in the joint use of the city’s law enforcement personnel and resources.

NOW, THEREFORE, BE IT RESOLVED, that the City of Wayne and the College do hereby agree to the following:

1. Authority and Purpose

- a. Article XV, Section 18 of the Constitution of the State of Nebraska and the Interlocal Cooperation Act of the State of Nebraska, Neb. Rev. Stat. 13-801 et *et seq.*, (the “Act”), authorize any two or more public agencies to enter into agreements for joint or cooperative exercise of any power, privilege or authority exercised or capable of exercise individually by such public agencies. College and the City are public agencies within the meaning of the Act.

- b. The City has the authority to provide law enforcement services and the College has the authority to ensure safety services on the Wayne State College campus (the “Campus”), and to enter into any contracts to effectuate this authority and responsibility.
- c. It is the purpose of this Agreement for the College and the City to make the most efficient use of their powers by cooperating with each other on the basis of mutual advantage and timely providing services as identified in this Agreement and in any addendum to this Agreement.

2. Administration of Agreement

- a. The City and the College will jointly administer and monitor all aspects, terms, and conditions of this Agreement. The Vice President for Student Affairs of the College, or his/her identified designee, will be the College’s contact person for the purpose of this Agreement.
- b. Any personal property shall be acquired, held, and disposed as set forth in this Agreement; or any amendment hereto.
- c. No separate legal or administrative entity is created under this Agreement.

3. Law Enforcement Services To Be Provided By The City

The City will provide on the Campus the following law enforcement services:

- a. City will assign a certified police officer, hereafter called the “School Resource Officer,” to the Campus for **eighteen (18) hours per week** when regular classes are in session and beginning two (2) weeks prior to the start of the fall semester and ending the day before graduation of the spring semester. The City will be allowed to schedule the School Resource Officer to two (2) non-consecutive weeks per school year for Police Department specific training without backfilling the position. Training specific to or on behalf of the College will not be counted against the above described (2) two training weeks. The College will be notified as soon as possible prior to any training to allow them to adjust their normal staffing schedules. The Police Department will respond to calls for service on Campus with their regularly scheduled officers during these periods;
- b. The City will be allowed to provide the School Resource Officer with two (2) sick days per semester without backfilling the position. The Police Department will respond to calls for service on Campus with their regularly scheduled officers during these periods;

- c. The School Resource Officer will patrol the Campus, in a Police vehicle, on foot, or on a patrol bicycle; enforce traffic and criminal laws of the State of Nebraska and/or the City of Wayne; conduct criminal investigations; respond to calls for service, perform community policing duties, and be a positive presence on Campus. The School Resource Officer will respond to Police calls off-campus for emergencies, backup assistance for other City Police officers and to handle calls for service if an on-duty City Police officer has two (2) or more calls for service backed up or is unable to respond to a crime in progress report, or a traffic accident. The College recognizes that the City's ability to respond to police calls off-campus, as needed, will maximize the Police Department's ability to respond to citizen calls for service received while maintaining the spirit of this Agreement. The Wayne Police Department will make efforts to make up missed hours if the School Resource Officer is called off-campus. When the School Resource Officer responds to Police calls for service off-campus the Police dispatcher will notify Campus Security of this change in status in a timely manner;
- d. The Wayne Police Department will run requests for vehicle registration information as long as that information is requested through and in conjunction with a Wayne Police Officer's involvement on campus.

4. Criminal Investigation

- a. The City will investigate all property crimes reported on the Campus where the loss value is \$100 or greater or involves the theft of any identification or financial transaction device. All property crime reports will be communicated to the School Resource Officer. If the loss value of any reported property crime is less than \$100 the School Resource Officer may refer the case to Campus Security for follow up.
- b. The City will investigate all crimes against persons reported on the Campus, except for reports of sexual violence or sex harassment which may be investigated by the College or by the College and the City.
 - i. Individuals who report an incident of sexual violence or sex harassment to the College will be advised to report the incident to law enforcement, however, students are not required to notify law enforcement authorities regarding a report of sexual violence or sex harassment.
- c. Investigations by the City will be conducted independent of Campus Security unless their assistance is required or requested by the City. If the Police Department does not have an officer immediately available to respond to a crime reported on Campus, Campus Security will gather preliminary information, e.g. victim's name, witnesses' names, date, time and location of offense, for the School Resource Officer. For the purpose

of this Agreement preliminary information does not include obtaining written statements, conducting any type of crime scene investigation, taking photographs, etc.

- d. The Police Department will provide Campus Security with reports of all crimes investigated on Campus containing sufficient information for the completion of legally mandated reporting requirements. To prevent duplication of work the School Resource Officer will complete only the Police Department's investigative report. A copy of these investigative reports will be provided to Campus Security for data entry purposes. Except that the Police Department will use its discretion, on a case by case basis, as to when to provide full or partial investigative reports to Campus Security, depending on the case.
- e. When any criminal investigation conducted by the Police Department involves a College residence hall or includes an apparent conflict between students, the Director of Residence Life and/or the Vice President for Student Affairs will also be provided investigatory reports. The Police Department will use its discretion, on a case by case basis, as to when to provide full or partial investigative reports to Campus Security, depending on the case.
- f. The Police Department will refer all property crimes reported on the Campus, and which they investigate, to the College judicial process, however;
 - (1) Any crime victim, including the College, may request criminal charges;
 - (2) Crimes may be referred for prosecution before the College judicial process begins;
 - (3) Both the College disciplinary process and criminal prosecution may happen concurrently;
 - (4) Police Officers will appear for College disciplinary hearings as needed.
- g. The Police Department will refer all crimes against persons to the Wayne County Attorney's Office for prosecution.
- h. To facilitate investigative follow up the School Resource Officer will be provided access to any Campus surveillance camera recordings and/or allowable student information currently maintained in hard copy or electronically in the Campus Security Office.

5. Community Policing & Crime Prevention

- a. The College and the City recognize that positive interaction between the School Resource Officer, students, faculty and staff is beneficial to both

parties. It is further recognized that crime prevention efforts on Campus should reflect those of the community as well.

- b. The School Resource Officer will be given an opportunity to co-present at crime prevention and/or education programs given by Campus Security, or upon the request of other Campus entities. To ensure adequate planning for any presentation, the School Resource Officer will be provided a minimum of five (5) days written notice. Said notice shall include the topic, date, time, and location of the presentation. The decision to participate in any on-campus crime prevention and/or education presentation will be left to the discretion of the School Resource Officer and/or the Vice President for Student Affairs. If an officer participates he or she will be given a minimum of 15 minutes participation per hour of scheduled presentation.
- c. To provide a community policing presence, the School Resource Officer will attend College meetings and activities as part of his/her assigned duties, as requested by the College and as he/she is available.
- d. The City will not provide overtime pay for the School Resource Officer to attend these meetings. Any extra shift time spent at these or similar meetings will be taken off before or after the officer's regularly assigned Campus shift.
- e. The School Resource Officer will meet regularly with the Residence Life Staff in each housing unit.
- f. The School Resource Officer will respond to fire alarms on Campus and, in the absence of Campus Security personnel, will reset the fire alarm panels.
- g. The Campus Security Manager will provide training specific to the fire alarm systems to the School Resource Officer before the start of the school year. A laminated flip chart of alarm procedures for each building will be placed in each alarm box as a ready reference.

6. Security Responsibilities

- a. The following duties will be performed solely by College Campus Security personnel and not by the City:
 - (1) Fueling vehicles for the College motor pool
- b. Campus Security will be the first to respond to calls for service on the Wayne State College campus. If the Campus Security Officer is occupied with Security Department business and a call for service is received, the

School Resource Officer may be asked to help with the following types of calls:

- (1) Helping to lock and unlock Campus facilities;
- (2) Respond to calls for service and fire alarm panels.

7. Use of Equipment

- a. The Police Department will provide the School Resource Officer with all uniforms, equipment, leather, firearms, and continuing education at all times relevant to this Agreement.
- b. The Police Department will provide a multi-channel portable radio programmed with the Campus Security frequency. The priority frequency will be that of the Wayne Police Department but the Campus Security frequency will be monitored.
- c. The City will provide a vehicle for the School Resource Officer to use.

8. Training Provided by College

- a. Fire Alarm Panels – School Resource Officers will receive training specific to the fire alarm panels of each College building. Quick reference laminated charts will be provided to the School Resource Officer and/or Police Department and placed at each alarm panel.
- b. School Resource Officers will attend Residence Life staff training.
- c. Written training defining the College student disciplinary procedures.
- d. Training on procedures for notification of campus staff for after-hours assistance, including when, who, and how to request assistance.
- e. When possible all training will be done beginning two (2) weeks prior to the start of each fall semester.
- f. It is recognized that the School Resource Officer's schedule will be modified during the training period to facilitate attendance at some orientations.
- g. A current roster of Residence Life staff and contact information will be provided to the School Resource Officer each semester.
- h. Monthly Campus Security work schedules, and updates, will be provided to the School Resource Officer and Wayne Police dispatch, including a contact person(s) in the event no one answers the Campus Security number.

9. Direct Oversight of the Agreement to Provide Police Coverage on Campus

Certified Police Officers are employees of the City of Wayne Police Department and as such must be under the direct supervision of the Chief of Police or his designee. Campus Security employees shall remain under the direct supervision of the College.

The City of Wayne Police Department shall control the manner in which law enforcement services are performed; however, the Agreement shall specify the nature of the services to be performed. The School Resource Officer is not to be deemed an employee of the College and has no authority to make any binding commitments or obligations on behalf of the College except as expressly provided herein. Liability and all other insurance coverage as well as Workers Compensation coverage for the School Resource Officer is the responsibility of the City of Wayne.

The Chief of Police will meet monthly with the Vice President for Student Affairs and the Campus Security Manager to review and evaluate the provisions of this Agreement.

Three (3) Wayne State College student representatives selected by Student Senate will meet jointly with the Police Chief, the School Resource Officer and any Campus Security official at least two (2) times per year to review the student perspective of this Agreement, one (1) during the fall semester, and one (1) during the spring semester. These meetings may be scheduled by either party with not less than thirty (30) days' notice. Only those representatives designated in this paragraph, or a designee thereof, shall attend the meeting.

10. Dispatch Services

The City agrees to provide the following dispatch services to the Campus:

- a. Answer Campus Security telephone after hours and refer calls to Campus Security Staff and assign police officers to crimes reported;
- b. Respond to campus fire alarm notifications and dispatch fire trucks as needed. Police Dispatch staff will also coordinate with the Director of Facility Services and his staff to prevent unwarranted fire alarm responses.

11. Fees for Service

The total charge to the College by the City for the above defined law enforcement services shall be a total of **\$30,000.00** per year to be paid in twelve (12) monthly installments.

12. Agreement Duration

The term of this Agreement will be effective beginning July 1, 2018 and shall be in effect until June 30, 2019 except that either the City or the College may execute a written sixty (60) day notice to quit or withdraw from the Agreement.

In no event shall either party be liable for any punitive, consequential, or special damages or lost profits incurred or alleged to have been incurred.

15. New Employee Work Eligibility Status.

Employee Work Eligibility Status. The City is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of a newly hired employee.

The City understands and agrees that lawful presence in the United States is required and the City may be disqualified or the Agreement terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. §4-108.

DRUG AND ALCOHOL TESTING POLICY
City of Wayne
Adopted as of May 15, 2018

A. PURPOSE

- 1) The City of Wayne provides public transit and paratransit services for the residents of Wayne. Part of our mission is to ensure that this service is delivered safely, efficiently, and effectively by establishing a drug and alcohol-free work environment, and to ensure that the workplace remains free from the effects of drugs and alcohol in order to promote the health and safety of employees and the general public. In keeping with this mission, the City of Wayne declares that the unlawful manufacture, distribution, dispense, possession, or use of controlled substances or misuse of alcohol is prohibited for all employees.
- 2) Additionally, the purpose of this policy is to establish guidelines to maintain a drug and alcohol-free workplace in compliance with the Drug-Free Workplace Act of 1988, and the Omnibus Transportation Employee Testing Act of 1991. This policy is intended to comply with all applicable Federal regulations governing workplace anti-drug and alcohol programs in the transit industry. Specifically, the Federal Transit Administration (FTA) of the U.S. Department of Transportation has published 49 CFR Part 655, as amended, that mandates urine drug testing and breath alcohol testing for safety-sensitive positions, and prohibits performance of safety-sensitive functions when there is a positive test result, or a refusal to test. The U. S. Department of Transportation (USDOT) has also published 49 CFR Part 40, as amended, that sets standards for the collection and testing of urine and breath specimens.
- 3) Any provisions set forth in this policy that are included under the sole authority of the City of Wayne and are not provided under the authority of the above named Federal regulations are underlined. Tests conducted under the sole authority of the City of Wayne will be performed on non-USDOT forms and will be separate from USDOT testing in all respects.

D. EDUCATION AND TRAINING

- 1) Every covered employee will receive a copy of this policy and will have ready access to the corresponding federal regulations including 49 CFR Parts 655 and 40, as amended. In addition, all covered employees will undergo a minimum of 60 minutes of training on the signs and symptoms of drug use including the effects and consequences of drug use on personal health, safety, and the work environment. The training also includes manifestations and behavioral cues that may indicate prohibited drug use.
- 2) All supervisory personnel or company officials who are in a position to determine employee fitness for duty will receive 60 minutes of reasonable suspicion training on the physical, behavioral, and performance indicators of probable drug use and 60 minutes of additional reasonable suspicion training on the physical, behavioral, speech, and performance indicators of probable alcohol misuse.

E. PROHIBITED SUBSTANCES

- 1) Prohibited substances addressed by this policy include the following.
 - a. Illegally Used Controlled Substance or Drugs Under the Drug-Free Workplace Act of 1988 any drug or any substance identified in Schedule I through V of Section 202 of the Controlled Substance Act (21 U.S.C. 812), and as further defined by 21 CFR 1300.11 through 1300.15 is prohibited at all times in the workplace unless a legal prescription has been written for the substance. This includes, but is not limited to: marijuana, amphetamines, opioids, phencyclidine (PCP), and cocaine, as well as any drug not approved for medical use by the U.S. Drug Enforcement Administration or the U.S. Food and Drug Administration. Illegal use includes use of any illegal drug, misuse of legally prescribed drugs, and use of illegally obtained prescription drugs. Also, the medical use of marijuana, or the use of hemp related products, which cause drug or drug metabolites to be present in the body above the minimum thresholds is a violation of this policy

Federal Transit Administration drug testing regulations (49 CFR Part 655) require that all employees covered under FTA authority be tested for marijuana, cocaine, amphetamines, opioids, and phencyclidine as described in Section H of this policy. Illegal use of these five drugs is prohibited at all times and thus, covered employees may be tested for these drugs anytime that they are on duty.

- b. Legal Drugs: The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, the use of any substance which carries a warning label that indicates that mental functioning, motor skills, or judgment may be adversely affected must be reported to a City of Wayne supervisor and the employee is required to provide a written release from his/her doctor or pharmacist indicating that the employee can perform his/her safety-sensitive functions.
 - c. Alcohol: The use of beverages containing alcohol (including any mouthwash, medication, food, candy) or any other substances such that alcohol is present in the body while performing safety-sensitive job functions is prohibited.

F. PROHIBITED CONDUCT

- 1) All covered employees are prohibited from reporting for duty or remaining on duty any time there is a quantifiable presence of a prohibited drug in the body above the minimum thresholds defined in 49 CFR Part 40, as amended.
- 2) Each covered employee is prohibited from consuming alcohol while performing safety-sensitive job functions or while on-call to perform safety-sensitive job functions. If an on-call employee has consumed alcohol, they must acknowledge the use of alcohol at the time that they are called to report for duty. The covered

01/2018

employee will subsequently be relieved of his/her on-call responsibilities and subject to discipline for not fulfilling his/her on-call responsibilities.

- 3) The Transit Department shall not permit any covered employee to perform or continue to perform safety-sensitive functions if it has actual knowledge that the employee is using alcohol
- 4) Each covered employee is prohibited from reporting to work or remaining on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater regardless of when the alcohol was consumed.
 - a. An employee with a breath alcohol concentration which measures 0.02-0.039 is not considered to have violated the USDOT-FTA drug and alcohol regulations, provided the employee hasn't consumed the alcohol within four (4) hours of performing a safety-sensitive duty. However, if a safety-sensitive employee has a breath alcohol concentration of 0.02-0.039, USDOT-FTA regulations require the employee to be removed from the performance of safety-sensitive duties until:
 - i. The employee's alcohol concentration measures less than 0.02; or
 - ii. The start of the employee's next regularly scheduled duty period, but not less than eight hours following administration of the test.
- 5) No covered employee shall consume alcohol for eight (8) hours following involvement in an accident or until he/she submits to the post-accident drug/alcohol test, whichever occurs first.
- 6) No covered employee shall consume alcohol within four (4) hours prior to the performance of safety-sensitive job functions.
- 7) The City of Wayne, under its own authority, also prohibits the consumption of alcohol at all times the employee is on duty, or anytime the employee is in uniform.
- 8) Consistent with the Drug-free Workplace Act of 1988, all City of Wayne employees are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of prohibited substances in the work place including transit system premises and transit vehicles.

G. DRUG STATUTE CONVICTION

Consistent with the Drug Free Workplace Act of 1998, all employees are required to notify the City of Wayne management of any criminal drug statute conviction for a violation occurring in the workplace within five days after such conviction. Failure to comply with this provision shall result in disciplinary action as defined in Section Q of this policy.

01/2018

H. TESTING REQUIREMENTS

- 1) Analytical urine drug testing and breath testing for alcohol will be conducted as required by 49 CFR Part 40 as amended. All employees covered under FTA authority shall be subject to testing prior to performing safety-sensitive duty, for reasonable suspicion, following an accident, and random as defined in Section K, L, M, and N of this policy, and return to duty/follow-up.
- 2) A drug test can be performed any time a covered employee is on duty. A reasonable suspicion or random alcohol test can only be performed just before, during, or after the performance of a safety-sensitive job function. Under the City of Wayne authority, a non-DOT alcohol test can be performed any time a covered employee is on duty.
- 3) All covered employees will be subject to urine drug testing and breath alcohol testing as a condition of ongoing employment with the City of Wayne. Any safety-sensitive employee who refuses to comply with a request for testing shall be removed from duty and subject to discipline as defined in Section Q of this policy.

I. DRUG TESTING PROCEDURES

- 1) Testing shall be conducted in a manner to assure a high degree of accuracy and reliability and using techniques, equipment, and laboratory facilities which have been approved by the U.S. Department of Health and Human Service (HHS). All testing will be conducted consistent with the procedures set forth in 49 CFR Part 40, as amended. The procedures will be performed in a private, confidential manner and every effort will be made to protect the employee, the integrity of the drug testing procedure, and the validity of the test result.
- 2) The drugs that will be tested for include marijuana, cocaine, opioids, amphetamines, and phencyclidine. After the identity of the donor is checked using picture identification, a urine specimen will be collected using the split specimen collection method described in 49 CFR Part 40, as amended. Each specimen will be accompanied by a DOT Custody and Control Form and identified using a unique identification number that attributes the specimen to the correct individual. The specimen analysis will be conducted at a HHS certified laboratory. An initial drug screen and validity test will be conducted on the primary urine specimen. For those specimens that are not negative, a confirmatory Gas Chromatography/Mass Spectrometry (GC/MS) test will be performed. The test will be considered positive if the amounts of the drug(s) and/or its metabolites identified by the GC/MS test are above the minimum thresholds established in 49 CFR Part 40, as amended.
- 3) The test results from the HHS certified laboratory will be reported to a Medical Review Officer. A Medical Review Officer (MRO) is a licensed physician with

01/2018

detailed knowledge of substance abuse disorders and drug testing. The MRO will review the test results to ensure the scientific validity of the test and to determine whether there is a legitimate medical explanation for a confirmed positive, substitute, or adulterated test result. The MRO will attempt to contact the employee to notify the employee of the non-negative laboratory result, and provide the employee with an opportunity to explain the confirmed laboratory test result. The MRO will subsequently review the employee's medical history/medical records as appropriate to determine whether there is a legitimate medical explanation for a non-negative laboratory result. If no legitimate medical explanation is found, the test will be verified positive or refusal to test and reported to the City of Wayne. If a legitimate explanation is found, the MRO will report the test result as negative.

- 4) If the test is invalid without a medical explanation, a retest will be conducted under direct observation. Employees do not have access to a test of their split specimen following an invalid result.
- 5) Any covered employee who questions the results of a required drug test under paragraphs L through P of this policy may request that the split sample be tested. The split sample test must be conducted at a second HHS-certified laboratory. The test must be conducted on the split sample that was provided by the employee at the same time as the primary sample. The method of collecting, storing, and testing the split sample will be consistent with the procedures set forth in 49 CFR Part 40, as amended. The employee's request for a split sample test must be made to the Medical Review Officer within 72 hours of notice of the original sample verified test result. Requests after 72 hours will only be accepted at the discretion of the MRO if the delay was due to documentable facts that were beyond the control of the employee. The City of Wayne will ensure that the cost for the split specimen analysis is covered in order for a timely analysis of the sample, however the City of Wayne will seek reimbursement for the split sample test from the employee.
- 6) If the analysis of the split specimen fails to confirm the presence of the drug(s) detected in the primary specimen, if the split specimen is not able to be analyzed, or if the results of the split specimen are not scientifically adequate, the MRO will declare the original test to be canceled.
- 7) The split specimen will be stored at the initial laboratory until the analysis of the primary specimen is completed. If the primary specimen is negative, the split will be discarded. If the primary specimen is positive, it will be retained in frozen storage for one year and the split specimen will also be retained for one year. If the primary is positive, the primary and the split will be retained for longer than one year for testing if so requested by the employee through the Medical Review Officer, or by the employer, by the MRO, or by the relevant DOT agency.
- 8) Observed collections

01/2018

- a. Consistent with 49 CFR Part 40, as amended, collection under direct observation (by a person of the same gender) with no advance notice will occur if:
 - i. The laboratory reports to the MRO that a specimen is invalid, and the MRO reports to the City of Wayne that there was not an adequate medical explanation for the result;
 - ii. The MRO reports to the City of Wayne that the original positive, adulterated, or substituted test result had to be cancelled because the test of the split specimen could not be performed;
 - iii. The laboratory reported to the MRO that the specimen was negative-dilute with a creatinine concentration greater than or equal to 2 mg/dL but less than or equal to 5 mg/dL, and the MRO reported the specimen as negative-dilute and that a second collection must take place under direct observation (see §40.197(b)(1)).
 - iv. The collector observes materials brought to the collection site or the employee's conduct clearly indicates an attempt to tamper with a specimen;
 - v. The temperature on the original specimen was out of range;
 - vi. Anytime the employee is directed to provide another specimen because the original specimen appeared to have been tampered with.
 - vii. All follow-up-tests; or
 - viii. All return-to-duty tests

J. ALCOHOL TESTING PROCEDURES

- 1) Tests for breath alcohol concentration will be conducted utilizing a National Highway Traffic Safety Administration (NHTSA)-approved Evidential Breath Testing device (EBT) operated by a trained Breath Alcohol Technician (BAT). A list of approved EBTs can be found on ODAPC's Web page for "Approved Evidential Breath Measurement Devices". Alcohol screening tests may be performed using a non-evidential testing device (alcohol screening device (ASD)) which is also approved by NHTSA. A list of approved ASDs can be found on ODAPC's Web page for "Approved Screening Devices to Measure Alcohol in Bodily Fluids". If the initial test indicates an alcohol concentration of 0.02 or greater, a second test will be performed to confirm the results of the initial test. The confirmatory test must occur on an EBT. The confirmatory test will be conducted no sooner than fifteen minutes after the completion of the initial test.

01/2018

The confirmatory test will be performed using a NHTSA-approved EBT operated by a trained BAT. The EBT will identify each test by a unique sequential identification number. This number, time, and unit identifier will be provided on each EBT printout. The EBT printout, along with an approved alcohol testing form, will be used to document the test, the subsequent results, and to attribute the test to the correct employee. The test will be performed in a private, confidential manner as required by 49 CFR Part 40, as amended. The procedure will be followed as prescribed to protect the employee and to maintain the integrity of the alcohol testing procedures and validity of the test result.

- 2) A confirmed alcohol concentration of 0.04 or greater will be considered a positive alcohol test and in violation of this policy. The consequences of a positive alcohol test are described in Section Q. of this policy. Even though an employee who has a confirmed alcohol concentration of 0.02 to 0.039 is not considered positive, the employee shall still be removed from duty for at least eight hours or for the duration of the work day whichever is longer and will be subject to the consequences described in Section Q of this policy. An alcohol concentration of less than 0.02 will be considered a negative test.
- 3) The City of Wayne affirms the need to protect individual dignity, privacy, and confidentiality throughout the testing process. If at any time the integrity of the testing procedures or the validity of the test results is compromised, the test will be canceled. Minor inconsistencies or procedural flaws that do not impact the test result will not result in a cancelled test.
- 4) The alcohol testing form (ATF) required by 49 CFR Part 40 as amended, shall be used for all FTA required testing. Failure of an employee to sign step 2 of the ATF will be considered a refusal to submit to testing.

K. PRE-EMPLOYMENT TESTING

- 1) All applicants for covered transit positions shall undergo urine drug testing prior to performance of a safety-sensitive function.
 - a. All offers of employment for covered positions shall be extended conditional upon the applicant passing a drug test. An applicant will not be allowed to perform safety-sensitive functions unless the applicant takes a drug test with verified negative results.
 - b. An employee shall not be placed, transferred or promoted into a position covered under FTA authority or company authority until the employee takes a drug test with verified negative results.
 - c. If an applicant fails a pre-employment drug test, the conditional offer of employment shall be rescinded and the applicant will be provided with a list of at least two (2) USDOT qualified Substance Abuse Professionals. Failure of a pre-employment drug test will disqualify an applicant for

employment for a period of at least one year. Before being considered for future employment the applicant must provide the employer proof of having successfully completed a referral, evaluation and treatment plan as described in section 655.62 of subpart G. The cost for the assessment and any subsequent treatment will be the sole responsibility of the applicant.

- d. When an employee being placed, transferred, or promoted from a non-covered position to a position covered under FTA authority or company authority submits a drug test with a verified positive result, the employee shall be subject to disciplinary action in accordance with Section Q herein.
- e. If a pre-employment test is canceled, the City of Wayne will require the applicant to take and pass another pre-employment drug test.
- f. In instances where a FTA covered employee does not perform a safety-sensitive function for a period of 90 consecutive days or more regardless of reason, and during that period is not in the random testing pool the employee will be required to take a pre-employment drug test under 49 CFR Part 655 and have negative test results prior to the conduct of safety-sensitive job functions.
- g. Following a negative dilute the employee will be required to undergo another test. Should this second test result in a negative dilute result, the test will be considered a negative and no additional testing will be required unless directed to do so by the MRO.
- h. Applicants are required (even if ultimately not hired) to provide the City of Wayne with signed written releases requesting USDOT drug and alcohol records from all previous, USDOT-covered, employers that the applicant has worked for within the last two years. Failure to do so will result in the employment offer being rescinded. The City of Wayne is required to ask all applicants (even if ultimately not hired) if they have tested positive or refused to test on a pre-employment test for a USDOT covered employer within the last two years. If the applicant has tested positive or refused to test on a pre-employment test for a USDOT covered employer, the applicant must provide the City of Wayne proof of having successfully completed a referral, evaluation and treatment plan as described in section 655.62 of subpart G.

L. REASONABLE SUSPICION TESTING

- 1) All City of Wayne FTA covered employees will be subject to a reasonable suspicion drug and/or alcohol test when the employer has reasonable suspicion to believe that the covered employee has used a prohibited drug and/or engaged in alcohol misuse. Reasonable suspicion shall mean that there is objective

01/2018

evidence, based upon specific, contemporaneous, articulable observations of the employee's appearance, behavior, speech or body odor that are consistent with possible drug use and/or alcohol misuse. Reasonable suspicion referrals must be made by one or more supervisors who are trained to detect the signs and symptoms of drug and alcohol use, and who reasonably concludes that an employee may be adversely affected or impaired in his/her work performance due to possible prohibited substance abuse or alcohol misuse. A reasonable suspicion alcohol test can only be conducted just before, during, or just after the performance of a safety-sensitive job function. However, under the City of Wayne's authority, a non-DOT reasonable suspicion alcohol test may be performed any time the covered employee is on duty. A reasonable suspicion drug test can be performed any time the covered employee is on duty.

- 2) The City of Wayne shall be responsible for transporting the employee to the testing site. Supervisors should avoid placing themselves and/or others into a situation which might endanger the physical safety of those present. The employee shall be placed on administrative leave pending disciplinary action described in Section Q of this policy. An employee who refuses an instruction to submit to a drug/alcohol test shall not be permitted to finish his or her shift and shall immediately be placed on administrative leave pending disciplinary action as specified in Section Q of this policy.
- 3) A written record of the observations which led to a drug/alcohol test based on reasonable suspicion shall be prepared and signed by the supervisor making the observation. This written record shall be submitted to the City of Wayne.
- 4) When there are no specific, contemporaneous, articulable objective facts that indicate current drug or alcohol use, but the employee (who is not already a participant in a treatment program) admits the abuse of alcohol or other substances to a supervisor in his/her chain of command, the employee shall be referred for assessment and treatment consistent with Section Q of this policy. The City of Wayne shall place the employee on administrative leave in accordance with the provisions set forth under Section Q of this policy. Testing in this circumstance would be performed under the direct authority of the City of Wayne. **Since the employee self-referred to management, testing under this circumstance would not be considered a violation of this policy or a positive test result under Federal authority.** However, self-referral does not exempt the covered employee from testing under Federal authority as specified in Sections L through N of this policy or the associated consequences as specified in Section Q.

M. POST-ACCIDENT TESTING

- 1) **FATAL ACCIDENTS** – A covered employee will be required to undergo urine and breath testing if they are involved in an accident with a transit vehicle, whether or not the vehicle is in revenue service at the time of the accident, that results in a fatality. This includes all surviving covered employees that are operating the

01/2018

vehicle at the time of the accident and any other whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision.

- 2) NON-FATAL ACCIDENTS - A post-accident test of the employee operating the public transportation vehicle will be conducted if an accident occurs and at least one of the following conditions is met:
 - a. The accident results in injuries requiring immediate medical treatment away from the scene, and the covered employee may have contributed to the accident.
 - b. One or more vehicles incurs disabling damage as a result of the occurrence and must be transported away from the scene, and the covered employee may have contributed to the accident

In addition, any other covered employee whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision, will be tested.

As soon as practicable following an accident, as defined in this policy, the transit supervisor investigating the accident will notify the transit employee operating the transit vehicle and all other covered employees whose performance could have contributed to the accident of the need for the test. The supervisor will make the determination using the best information available at the time of the decision.

The appropriate transit supervisor shall ensure that an employee, required to be tested under this section, is tested as soon as practicable, but no longer than eight (8) hours of the accident for alcohol, and no longer than 32 hours for drugs. If an alcohol test is not performed within two hours of the accident, the Supervisor will document the reason(s) for the delay. If the alcohol test is not conducted within (8) eight hours, or the drug test within 32 hours, attempts to conduct the test must cease and the reasons for the failure to test documented.

Any covered employee involved in an accident must refrain from alcohol use for eight (8) hours following the accident, or until he/she undergoes a post-accident alcohol test.

An employee who is subject to post-accident testing who fails to remain readily available for such testing, including notifying a supervisor of his or her location if he or she leaves the scene of the accident prior to submission to such test, may be deemed to have refused to submit to testing.

Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident, or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

In the rare event that the City of Wayne is unable to perform an FTA drug and alcohol test (i.e., employee is unconscious, employee is detained by law enforcement agency),

01/2018

the City of Wayne may use drug and alcohol post-accident test results administered by local law enforcement officials in lieu of the FTA test. The local law enforcement officials must have independent authority for the test and the employer must obtain the results in conformance with local law.

N. RANDOM TESTING

- 1) All covered employees will be subjected to random, unannounced testing. The selection of employees shall be made by a scientifically valid method of randomly generating an employee identifier from the appropriate pool of safety-sensitive employees. Employees who may be covered under company authority will be selected from a pool of non-DOT-covered employees.
- 2) The dates for administering unannounced testing of randomly selected employees shall be spread reasonably throughout the calendar year, day of the week and hours of the day.
- 3) The number of employees randomly selected for drug/alcohol testing during the calendar year shall be not less than the percentage rates set each year by the FTA administrator. The current year testing rates can be viewed online at <https://www.transportation.gov/odapc/random-testing-rates>.
- 4) Each covered employee shall be in a pool from which the random selection is made. Each covered employee in the pool shall have an equal chance of selection each time the selections are made. Employees will remain in the pool and subject to selection, whether or not the employee has been previously tested. There is no discretion on the part of management in the selection.
- 5) Covered transit employees that fall under the Federal Transit Administration regulations will be included in one random pool maintained separately from the testing pool of non-safety-sensitive employees that are included solely under the City of Wayne's authority.
- 6) Random tests can be conducted at any time during an employee's shift for drug testing. Alcohol random tests can only be performed just before, during, or just after the performance of a safety sensitive duty. However, under the City of Wayne's authority, a non-DOT random alcohol test may be performed any time the covered employee is on duty. Testing can occur during the beginning, middle, or end of an employee's shift.
- 7) Employees are required to proceed immediately to the collection site upon notification of their random selection.

O. RETURN-TO-DUTY TESTING

01/2018

The City of Wayne will terminate the employment of any employee that tests positive or refuses a test as specified in section Q of this policy. However, in the rare event an employee is reinstated with court order or other action beyond the control of the transit system, the employee must complete the return-to-duty process prior to the performance of safety-sensitive functions. All covered employees who previously tested positive on a drug or alcohol test or refused a test, must test negative for drugs, alcohol (below 0.02 for alcohol), or both and be evaluated and released by the Substance Abuse Professional before returning to work. For an initial positive drug test a Return-to-Duty drug test is required and an alcohol test is allowed. For an initial positive alcohol test a Return-to-Duty alcohol test is required and a drug test is allowed. Following the initial assessment, the SAP will recommend a course of rehabilitation unique to the individual. The SAP will recommend the return-to-duty test only when the employee has successfully completed the treatment requirement and is known to be drug and alcohol-free and there are no undue concerns for public safety.

P. FOLLOW-UP TESTING

Covered employees that have returned to duty following a positive or refused test will be required to undergo frequent, unannounced drug and/or alcohol testing following their return-to-duty test. The follow-up testing will be performed for a period of one to five years with a minimum of six tests to be performed the first year. The frequency and duration of the follow-up tests (beyond the minimums) will be determined by the SAP reflecting the SAP's assessment of the employee's unique situation and recovery progress. Follow-up testing should be frequent enough to deter and/or detect a relapse. Follow-up testing is separate and in addition to the random, post-accident, reasonable suspicion and return-to-duty testing.

In the instance of a self-referral or a management referral, the employee will be subject to non-USDOT follow-up tests and follow-up testing plans modeled using the process described in 49 CFR Part 40. However, all non-USDOT follow-up tests and all paperwork associated with an employee's return-to-work agreement that was not precipitated by a positive test result (or refusal to test) does not constitute a violation of the Federal regulations will be conducted under company authority and will be performed using non-DOT testing forms.

Q. RESULT OF DRUG/ALCOHOL TEST

- 1) Any covered employee that has a verified positive drug or alcohol test, or test refusal, will be removed from his/her safety-sensitive position, informed of educational and rehabilitation programs available, and will be provided with a list of at least two (2) USDOT qualified Substance Abuse Professionals (SAP) for assessment, and will be terminated.
- 2) Following a negative dilute the employee will be required to undergo another test. Should this second test result in a negative dilute result, the test will be

01/2018

considered a negative and no additional testing will be required unless directed to do so by the MRO.

- 3) Refusal to submit to a drug/alcohol test shall be considered equivalent to a positive test result and a direct act of insubordination and shall result in termination and referral to a list of USDOT qualified SAPs. A test refusal includes the following circumstances:
- a. Fail to appear for any test (except a pre-employment test) within a reasonable time, as determined by the employer.
 - b. Fail to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test has not refused to test.
 - c. Fail to attempt to provide a breath or urine specimen. An employee who does not provide a urine or breath specimen because he or she has left the testing site before the testing process commenced for a pre-employment test has not refused to test.
 - d. In the case of a directly-observed or monitored urine drug collection, fail to permit monitoring or observation of your provision of a specimen.
 - e. Fail to provide a sufficient quantity of urine or breath without a valid medical explanation.
 - f. Fail or decline to take a second test as directed by the collector or the employer for drug testing.
 - g. Fail to undergo a medical evaluation as required by the MRO or the employer's Designated Employer Representative (DER).
 - h. Fail to cooperate with any part of the testing process.
 - i. Fail to follow an observer's instructions to raise and lower clothing and turn around during a directly-observed test.
 - j. Possess or wear a prosthetic or other device used to tamper with the collection process.
 - k. Admit to the adulteration or substitution of a specimen to the collector or MRO.
 - l. Refuse to sign the certification at Step 2 of the Alcohol Testing Form (ATF).
 - m. Fail to remain readily available following an accident.

As a covered employee, if the MRO reports that you have a verified adulterated or substituted test result, you have refused to take a drug test.

- 4) An alcohol test result of ≥ 0.02 to ≤ 0.039 BAC shall result in the removal of the employee from duty for eight hours or the remainder or the work day whichever is longer. The employee will not be allowed to return to safety-sensitive duty for his/her next shift until he/she submits to a NONDOT alcohol test with a result of less than 0.02 BAC.
- 5) In the instance of a self-referral or a management referral, disciplinary action against the employee shall include:

01/2018

- a. Mandatory referral for an assessment by an employer approved counseling professional for assessment, formulation of a treatment plan, and execution of a return to work agreement;
 - b. Failure to execute, or remain compliant with the return-to-work agreement shall result in termination from the City of Wayne employment.
 - i. Compliance with the return-to-work agreement means that the employee has submitted to a drug/alcohol test immediately prior to returning to work; the result of that test is negative; the employee is cooperating with his/her recommended treatment program; and, the employee has agreed to periodic unannounced follow-up testing as described in Section P of this policy; however, all follow-up testing performed as part of a return-to-work agreement required under section Q of this policy is under the sole authority of the City of Wayne and will be performed using non-DOT testing forms.
 - c. Refusal to submit to a periodic unannounced follow-up drug/alcohol test shall be considered a direct act of insubordination and shall result in termination. **All tests conducted as part of the return to work agreement will be conducted under company authority and will be performed using non-DOT testing forms.**
 - d. **A self-referral or management referral to the employer's counseling professional that was not precipitated by a positive test result does not constitute a violation of the Federal regulations and will not be considered as a positive test result in relation to the progressive discipline defined in Section Q of this policy.**
 - e. Periodic unannounced follow-up drug/alcohol testing conducted as a result of a self-referral or management referral which results in a verified positive shall be considered a positive test result in relation to the progressive discipline defined in Section Q of this policy.
 - f. A Voluntary Referral does not shield an employee from disciplinary action or guarantee employment with the City of Wayne.
 - g. A Voluntary Referral does not shield an employee from the requirement to comply with drug and alcohol testing.
- 6) Failure of an employee to report within five days a criminal drug statute conviction for a violation occurring in the workplace shall result in termination.

A. PURPOSE

- 1) The City of Wayne provides public transit and paratransit services for the residents of Wayne. Part of our mission is to ensure that this service is delivered safely, efficiently, and effectively by establishing a drug and alcohol-free work environment, and to ensure that the workplace remains free from the effects of drugs and alcohol in order to promote the health and safety of employees and the general public. In keeping with this mission, the City of Wayne declares that the unlawful manufacture, distribution, dispense, possession, or use of controlled substances or misuse of alcohol is prohibited for all employees.
- 2) Additionally, the purpose of this policy is to establish guidelines to maintain a drug and alcohol-free workplace in compliance with the Drug-Free Workplace Act of 1988, and the Omnibus Transportation Employee Testing Act of 1991. This policy is intended to comply with all applicable Federal regulations governing workplace anti-drug and alcohol programs in the transit industry. Specifically, the Federal Transit Administration (FTA) of the U.S. Department of Transportation has published 49 CFR Part 655, as amended, that mandates urine drug testing and breath alcohol testing for safety-sensitive positions, and prohibits performance of safety-sensitive functions when there is a positive test result, or a refusal to test. The U. S. Department of Transportation (USDOT) has also published 49 CFR Part 40, as amended, that sets standards for the collection and testing of urine and breath specimens.
- 3) Any provisions set forth in this policy that are included under the sole authority of the City of Wayne and are not provided under the authority of the above named Federal regulations are underlined. Tests conducted under the sole authority of the City of Wayne will be performed on non-USDOT forms and will be separate from USDOT testing in all respects.

Disabling damage includes damage to vehicles that could have been operated but would have been further damaged if so operated, but does not include damage which can be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without other damage even if no spare tire is available, or damage to headlights, taillights, turn signals, horn, or windshield wipers that makes them inoperative.

Evidentiary Breath Testing Device (EBT): A device approved by the NHTSA for the evidential testing of breath at the 0.02 and the 0.04 alcohol concentrations, and appears on ODAPC's Web page for "Approved Evidential Breath Measurement Devices" because it conforms with the model specifications available from NHTSA.

Initial Drug Test: (Screening Drug Test) The test used to differentiate a negative specimen from one that requires further testing for drugs or drug metabolites.

Initial Specimen Validity Test: The first test used to determine if a urine specimen is adulterated, diluted, substituted, or invalid

Negative Dilute: A drug test result which is negative for the five drug/drug metabolites but has a specific gravity value lower than expected for human urine.

Negative result: The result reported by an HHS-certified laboratory to an MRO when a specimen contains no drug or the concentration of the drug is less than the cutoff concentration for the drug or drug class and the specimen is a valid specimen. An alcohol concentration of less than 0.02 BAC is a negative test result.

Non-negative test result: A urine specimen that is reported as adulterated, substituted, invalid, or positive for drug/drug metabolites.

E. PROHIBITED SUBSTANCES

- 1) Prohibited substances addressed by this policy include the following.
 - a. Illegally Used Controlled Substance or Drugs Under the Drug-Free Workplace Act of 1988 any drug or any substance identified in Schedule I through V of Section 202 of the Controlled Substance Act (21 U.S.C. 812), and as further defined by 21 CFR 1300.11 through 1300.15 is prohibited at all times in the workplace unless a legal prescription has been written for the substance. This includes, but is not limited to: marijuana, amphetamines, opioids, phencyclidine (PCP), and cocaine, as well as any drug not approved for medical use by the U.S. Drug Enforcement Administration or the U.S. Food and Drug Administration. Illegal use includes use of any illegal drug, misuse of legally prescribed drugs, and use of illegally obtained prescription drugs. Also, the medical use of marijuana, or the use of hemp related products, which cause drug or drug metabolites to be present in the body above the minimum thresholds is a violation of this policy

Federal Transit Administration drug testing regulations (49 CFR Part 655) require that all employees covered under FTA authority be tested for marijuana, cocaine, amphetamines, opioids, and phencyclidine as described in Section H of this policy. Illegal use of these five drugs is prohibited at all times and thus, covered employees may be tested for these drugs anytime that they are on duty.
 - b. Legal Drugs: The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, the use of any substance which carries a warning label that indicates that mental functioning, motor skills, or judgment may be adversely affected must be reported to a City of Wayne supervisor and the employee is required to provide a written release from his/her doctor or pharmacist indicating that the employee can perform his/her safety-sensitive functions.
 - c. Alcohol: The use of beverages containing alcohol (including any mouthwash, medication, food, candy) or any other substances such that alcohol is present in the body while performing safety-sensitive job functions is prohibited.

F. PROHIBITED CONDUCT

- 1) All covered employees are prohibited from reporting for duty or remaining on duty any time there is a quantifiable presence of a prohibited drug in the body above the minimum thresholds defined in 49 CFR Part 40, as amended.
- 2) Each covered employee is prohibited from consuming alcohol while performing safety-sensitive job functions or while on-call to perform safety-sensitive job functions. If an on-call employee has consumed alcohol, they must acknowledge the use of alcohol at the time that they are called to report for duty. The covered

01/2018

employee will subsequently be relieved of his/her on-call responsibilities and subject to discipline for not fulfilling his/her on-call responsibilities.

- 3) The Transit Department shall not permit any covered employee to perform or continue to perform safety-sensitive functions if it has actual knowledge that the employee is using alcohol
- 4) Each covered employee is prohibited from reporting to work or remaining on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater regardless of when the alcohol was consumed.
 - a. An employee with a breath alcohol concentration which measures 0.02-0.039 is not considered to have violated the USDOT-FTA drug and alcohol regulations, provided the employee hasn't consumed the alcohol within four (4) hours of performing a safety-sensitive duty. However, if a safety-sensitive employee has a breath alcohol concentration of 0.02-0.039, USDOT-FTA regulations require the employee to be removed from the performance of safety-sensitive duties until:
 - i. The employee's alcohol concentration measures less than 0.02; or
 - ii. The start of the employee's next regularly scheduled duty period, but not less than eight hours following administration of the test.
- 5) No covered employee shall consume alcohol for eight (8) hours following involvement in an accident or until he/she submits to the post-accident drug/alcohol test, whichever occurs first.
- 6) No covered employee shall consume alcohol within four (4) hours prior to the performance of safety-sensitive job functions.
- 7) The City of Wayne, under its own authority, also prohibits the consumption of alcohol at all times the employee is on duty, or anytime the employee is in uniform.
- 8) Consistent with the Drug-free Workplace Act of 1988, all City of Wayne employees are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of prohibited substances in the work place including transit system premises and transit vehicles.

G. DRUG STATUTE CONVICTION

Consistent with the Drug Free Workplace Act of 1998, all employees are required to notify the City of Wayne management of any criminal drug statute conviction for a violation occurring in the workplace within five days after such conviction. Failure to comply with this provision shall result in disciplinary action as defined in Section Q of this policy.

01/2018

H. TESTING REQUIREMENTS

- 1) Analytical urine drug testing and breath testing for alcohol will be conducted as required by 49 CFR Part 40 as amended. All employees covered under FTA authority shall be subject to testing prior to performing safety-sensitive duty, for reasonable suspicion, following an accident, and random as defined in Section K, L, M, and N of this policy, and return to duty/follow-up.
- 2) A drug test can be performed any time a covered employee is on duty. A reasonable suspicion or random alcohol test can only be performed just before, during, or after the performance of a safety-sensitive job function. Under the City of Wayne authority, a non-DOT alcohol test can be performed any time a covered employee is on duty.
- 3) All covered employees will be subject to urine drug testing and breath alcohol testing as a condition of ongoing employment with the City of Wayne. Any safety-sensitive employee who refuses to comply with a request for testing shall be removed from duty and subject to discipline as defined in Section Q of this policy.

I. DRUG TESTING PROCEDURES

- 1) Testing shall be conducted in a manner to assure a high degree of accuracy and reliability and using techniques, equipment, and laboratory facilities which have been approved by the U.S. Department of Health and Human Service (HHS). All testing will be conducted consistent with the procedures set forth in 49 CFR Part 40, as amended. The procedures will be performed in a private, confidential manner and every effort will be made to protect the employee, the integrity of the drug testing procedure, and the validity of the test result.
- 2) The drugs that will be tested for include marijuana, cocaine, opioids, amphetamines, and phencyclidine. After the identity of the donor is checked using picture identification, a urine specimen will be collected using the split specimen collection method described in 49 CFR Part 40, as amended. Each specimen will be accompanied by a DOT Custody and Control Form and identified using a unique identification number that attributes the specimen to the correct individual. The specimen analysis will be conducted at a HHS certified laboratory. An initial drug screen and validity test will be conducted on the primary urine specimen. For those specimens that are not negative, a confirmatory Gas Chromatography/Mass Spectrometry (GC/MS) test will be performed. The test will be considered positive if the amounts of the drug(s) and/or its metabolites identified by the GC/MS test are above the minimum thresholds established in 49 CFR Part 40, as amended.
- 3) The test results from the HHS certified laboratory will be reported to a Medical Review Officer. A Medical Review Officer (MRO) is a licensed physician with

01/2018

detailed knowledge of substance abuse disorders and drug testing. The MRO will review the test results to ensure the scientific validity of the test and to determine whether there is a legitimate medical explanation for a confirmed positive, substitute, or adulterated test result. The MRO will attempt to contact the employee to notify the employee of the non-negative laboratory result, and provide the employee with an opportunity to explain the confirmed laboratory test result. The MRO will subsequently review the employee's medical history/medical records as appropriate to determine whether there is a legitimate medical explanation for a non-negative laboratory result. If no legitimate medical explanation is found, the test will be verified positive or refusal to test and reported to the City of Wayne. If a legitimate explanation is found, the MRO will report the test result as negative.

- 4) If the test is invalid without a medical explanation, a retest will be conducted under direct observation. Employees do not have access to a test of their split specimen following an invalid result.
- 5) Any covered employee who questions the results of a required drug test under paragraphs L through P of this policy may request that the split sample be tested. The split sample test must be conducted at a second HHS-certified laboratory. The test must be conducted on the split sample that was provided by the employee at the same time as the primary sample. The method of collecting, storing, and testing the split sample will be consistent with the procedures set forth in 49 CFR Part 40, as amended. The employee's request for a split sample test must be made to the Medical Review Officer within 72 hours of notice of the original sample verified test result. Requests after 72 hours will only be accepted at the discretion of the MRO if the delay was due to documentable facts that were beyond the control of the employee. The City of Wayne will ensure that the cost for the split specimen analysis is covered in order for a timely analysis of the sample, however the City of Wayne will seek reimbursement for the split sample test from the employee.
- 6) If the analysis of the split specimen fails to confirm the presence of the drug(s) detected in the primary specimen, if the split specimen is not able to be analyzed, or if the results of the split specimen are not scientifically adequate, the MRO will declare the original test to be canceled.
- 7) The split specimen will be stored at the initial laboratory until the analysis of the primary specimen is completed. If the primary specimen is negative, the split will be discarded. If the primary specimen is positive, it will be retained in frozen storage for one year and the split specimen will also be retained for one year. If the primary is positive, the primary and the split will be retained for longer than one year for testing if so requested by the employee through the Medical Review Officer, or by the employer, by the MRO, or by the relevant DOT agency.
- 8) Observed collections

01/2018

- a. Consistent with 49 CFR Part 40, as amended, collection under direct observation (by a person of the same gender) with no advance notice will occur if:
 - i. The laboratory reports to the MRO that a specimen is invalid, and the MRO reports to the City of Wayne that there was not an adequate medical explanation for the result;
 - ii. The MRO reports to the City of Wayne that the original positive, adulterated, or substituted test result had to be cancelled because the test of the split specimen could not be performed;
 - iii. The laboratory reported to the MRO that the specimen was negative-dilute with a creatinine concentration greater than or equal to 2 mg/dL but less than or equal to 5 mg/dL, and the MRO reported the specimen as negative-dilute and that a second collection must take place under direct observation (see §40.197(b)(1)).
 - iv. The collector observes materials brought to the collection site or the employee's conduct clearly indicates an attempt to tamper with a specimen;
 - v. The temperature on the original specimen was out of range;
 - vi. Anytime the employee is directed to provide another specimen because the original specimen appeared to have been tampered with.
 - vii. All follow-up-tests; or
 - viii. All return-to-duty tests

J. ALCOHOL TESTING PROCEDURES

- 1) Tests for breath alcohol concentration will be conducted utilizing a National Highway Traffic Safety Administration (NHTSA)-approved Evidential Breath Testing device (EBT) operated by a trained Breath Alcohol Technician (BAT). A list of approved EBTs can be found on ODAPC's Web page for "Approved Evidential Breath Measurement Devices". Alcohol screening tests may be performed using a non-evidential testing device (alcohol screening device (ASD)) which is also approved by NHTSA. A list of approved ASDs can be found on ODAPC's Web page for "Approved Screening Devices to Measure Alcohol in Bodily Fluids". If the initial test indicates an alcohol concentration of 0.02 or greater, a second test will be performed to confirm the results of the initial test. The confirmatory test must occur on an EBT. The confirmatory test will be conducted no sooner than fifteen minutes after the completion of the initial test.

01/2018

The confirmatory test will be performed using a NHTSA-approved EBT operated by a trained BAT. The EBT will identify each test by a unique sequential identification number. This number, time, and unit identifier will be provided on each EBT printout. The EBT printout, along with an approved alcohol testing form, will be used to document the test, the subsequent results, and to attribute the test to the correct employee. The test will be performed in a private, confidential manner as required by 49 CFR Part 40, as amended. The procedure will be followed as prescribed to protect the employee and to maintain the integrity of the alcohol testing procedures and validity of the test result.

- 2) A confirmed alcohol concentration of 0.04 or greater will be considered a positive alcohol test and in violation of this policy. The consequences of a positive alcohol test are described in Section Q. of this policy. Even though an employee who has a confirmed alcohol concentration of 0.02 to 0.039 is not considered positive, the employee shall still be removed from duty for at least eight hours or for the duration of the work day whichever is longer and will be subject to the consequences described in Section Q of this policy. An alcohol concentration of less than 0.02 will be considered a negative test.
- 3) The City of Wayne affirms the need to protect individual dignity, privacy, and confidentiality throughout the testing process. If at any time the integrity of the testing procedures or the validity of the test results is compromised, the test will be canceled. Minor inconsistencies or procedural flaws that do not impact the test result will not result in a cancelled test.
- 4) The alcohol testing form (ATF) required by 49 CFR Part 40 as amended, shall be used for all FTA required testing. Failure of an employee to sign step 2 of the ATF will be considered a refusal to submit to testing.

K. PRE-EMPLOYMENT TESTING

- 1) All applicants for covered transit positions shall undergo urine drug testing prior to performance of a safety-sensitive function.
 - a. All offers of employment for covered positions shall be extended conditional upon the applicant passing a drug test. An applicant will not be allowed to perform safety-sensitive functions unless the applicant takes a drug test with verified negative results.
 - b. An employee shall not be placed, transferred or promoted into a position covered under FTA authority or company authority until the employee takes a drug test with verified negative results.
 - c. If an applicant fails a pre-employment drug test, the conditional offer of employment shall be rescinded and the applicant will be provided with a list of at least two (2) USDOT qualified Substance Abuse Professionals. Failure of a pre-employment drug test will disqualify an applicant for

employment for a period of at least one year. Before being considered for future employment the applicant must provide the employer proof of having successfully completed a referral, evaluation and treatment plan as described in section 655.62 of subpart G. The cost for the assessment and any subsequent treatment will be the sole responsibility of the applicant.

- d. When an employee being placed, transferred, or promoted from a non-covered position to a position covered under FTA authority or company authority submits a drug test with a verified positive result, the employee shall be subject to disciplinary action in accordance with Section Q herein.
- e. If a pre-employment test is canceled, the City of Wayne will require the applicant to take and pass another pre-employment drug test.
- f. In instances where a FTA covered employee does not perform a safety-sensitive function for a period of 90 consecutive days or more regardless of reason, and during that period is not in the random testing pool the employee will be required to take a pre-employment drug test under 49 CFR Part 655 and have negative test results prior to the conduct of safety-sensitive job functions.
- g. Following a negative dilute the employee will be required to undergo another test. Should this second test result in a negative dilute result, the test will be considered a negative and no additional testing will be required unless directed to do so by the MRO.
- h. Applicants are required (even if ultimately not hired) to provide the City of Wayne with signed written releases requesting 1 USDOT drug and alcohol records from all previous, USDOT-covered, employers that the applicant has worked for within the last two years. Failure to do so will result in the employment offer being rescinded. The City of Wayne is required to ask all applicants (even if ultimately not hired) if they have tested positive or refused to test on a pre-employment test for a USDOT covered employer within the last two years. If the applicant has tested positive or refused to test on a pre-employment test for a USDOT covered employer, the applicant must provide the City of Wayne proof of having successfully completed a referral, evaluation and treatment plan as described in section 655.62 of subpart G.

L. REASONABLE SUSPICION TESTING

- 1) All City of Wayne FTA covered employees will be subject to a reasonable suspicion drug and/or alcohol test when the employer has reasonable suspicion to believe that the covered employee has used a prohibited drug and/or engaged in alcohol misuse. Reasonable suspicion shall mean that there is objective

01/2018

evidence, based upon specific, contemporaneous, articulable observations of the employee's appearance, behavior, speech or body odor that are consistent with possible drug use and/or alcohol misuse. Reasonable suspicion referrals must be made by one or more supervisors who are trained to detect the signs and symptoms of drug and alcohol use, and who reasonably concludes that an employee may be adversely affected or impaired in his/her work performance due to possible prohibited substance abuse or alcohol misuse. A reasonable suspicion alcohol test can only be conducted just before, during, or just after the performance of a safety-sensitive job function. However, under the City of Wayne's authority, a non-DOT reasonable suspicion alcohol test may be performed any time the covered employee is on duty. A reasonable suspicion drug test can be performed any time the covered employee is on duty.

- 2) The City of Wayne shall be responsible for transporting the employee to the testing site. Supervisors should avoid placing themselves and/or others into a situation which might endanger the physical safety of those present. The employee shall be placed on administrative leave pending disciplinary action described in Section Q of this policy. An employee who refuses an instruction to submit to a drug/alcohol test shall not be permitted to finish his or her shift and shall immediately be placed on administrative leave pending disciplinary action as specified in Section Q of this policy.

- 3) A written record of the observations which led to a drug/alcohol test based on reasonable suspicion shall be prepared and signed by the supervisor making the observation. This written record shall be submitted to the City of Wayne.

- 4) When there are no specific, contemporaneous, articulable objective facts that indicate current drug or alcohol use, but the employee (who is not already a participant in a treatment program) admits the abuse of alcohol or other substances to a supervisor in his/her chain of command, the employee shall be referred for assessment and treatment consistent with Section Q of this policy. The City of Wayne shall place the employee on administrative leave in accordance with the provisions set forth under Section Q of this policy. Testing in this circumstance would be performed under the direct authority of the City of Wayne. **Since the employee self-referred to management, testing under this circumstance would not be considered a violation of this policy or a positive test result under Federal authority.** However, self-referral does not exempt the covered employee from testing under Federal authority as specified in Sections L through N of this policy or the associated consequences as specified in Section Q.

M. POST-ACCIDENT TESTING

- 1) **FATAL ACCIDENTS** – A covered employee will be required to undergo urine and breath testing if they are involved in an accident with a transit vehicle, whether or not the vehicle is in revenue service at the time of the accident, that results in a

01/2018

fatality. This includes all surviving covered employees that are operating the vehicle at the time of the accident and any other whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision.

- 2) NON-FATAL ACCIDENTS - A post-accident test of the employee operating the public transportation vehicle will be conducted if an accident occurs and at least one of the following conditions is met:
 - a. The accident results in injuries requiring immediate medical treatment away from the scene, and the covered employee may have contributed to the accident.
 - b. One or more vehicles incurs disabling damage as a result of the occurrence and must be transported away from the scene, and the covered employee may have contributed to the accident

In addition, any other covered employee whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision, will be tested.

As soon as practicable following an accident, as defined in this policy, the transit supervisor investigating the accident will notify the transit employee operating the transit vehicle and all other covered employees whose performance could have contributed to the accident of the need for the test. The supervisor will make the determination using the best information available at the time of the decision.

The appropriate transit supervisor shall ensure that an employee, required to be tested under this section, is tested as soon as practicable, but no longer than eight (8) hours of the accident for alcohol, and no longer than 32 hours for drugs. If an alcohol test is not performed within two hours of the accident, the Supervisor will document the reason(s) for the delay. If the alcohol test is not conducted within (8) eight hours, or the drug test within 32 hours, attempts to conduct the test must cease and the reasons for the failure to test documented.

Any covered employee involved in an accident must refrain from alcohol use for eight (8) hours following the accident, or until he/she undergoes a post-accident alcohol test.

An employee who is subject to post-accident testing who fails to remain readily available for such testing, including notifying a supervisor of his or her location if he or she leaves the scene of the accident prior to submission to such test, may be deemed to have refused to submit to testing.

Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident, or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

01/2018

In the rare event that the City of Wayne is unable to perform an FTA drug and alcohol test (i.e., employee is unconscious, employee is detained by law enforcement agency), the City of Wayne may use drug and alcohol post-accident test results administered by local law enforcement officials in lieu of the FTA test. The local law enforcement officials must have independent authority for the test and the employer must obtain the results in conformance with local law.

N. RANDOM TESTING

- 1) All covered employees will be subjected to random, unannounced testing. The selection of employees shall be made by a scientifically valid method of randomly generating an employee identifier from the appropriate pool of safety-sensitive employees. Employees who may be covered under company authority will be selected from a pool of non-DOT-covered employees.
- 2) The dates for administering unannounced testing of randomly selected employees shall be spread reasonably throughout the calendar year, day of the week and hours of the day.
- 3) The number of employees randomly selected for drug/alcohol testing during the calendar year shall be not less than the percentage rates set each year by the FTA administrator. The current year testing rates can be viewed online at <https://www.transportation.gov/odapc/random-testing-rates>.
- 4) Each covered employee shall be in a pool from which the random selection is made. Each covered employee in the pool shall have an equal chance of selection each time the selections are made. Employees will remain in the pool and subject to selection, whether or not the employee has been previously tested. There is no discretion on the part of management in the selection.
- 5) Covered transit employees that fall under the Federal Transit Administration regulations will be included in one random pool maintained separately from the testing pool of non-safety-sensitive employees that are included solely under the City of Wayne authority.
- 6) Random tests can be conducted at any time during an employee's shift for drug testing. Alcohol random tests can only be performed just before, during, or just after the performance of a safety sensitive duty. However, under the City of Wayne's authority, a non-DOT random alcohol test may be performed any time the covered employee is on duty. Testing can occur during the beginning, middle, or end of an employee's shift.
- 7) Employees are required to proceed immediately to the collection site upon notification of their random selection.

O. RETURN-TO-DUTY TESTING

01/2018

All covered employees who previously tested positive on a drug or alcohol test or refused a test, must test negative for drugs, alcohol (below 0.02 for alcohol), or both and be evaluated and released by the Substance Abuse Professional before returning to work. For an initial positive drug test a Return-to-Duty drug test is required and an alcohol test is allowed. For an initial positive alcohol test a Return-to-Duty alcohol test is required and a drug test is allowed. Following the initial assessment, the SAP will recommend a course of rehabilitation unique to the individual. The SAP will recommend the return-to-duty test only when the employee has successfully completed the treatment requirement and is known to be drug and alcohol-free and there are no undue concerns for public safety.

P. FOLLOW-UP TESTING

Covered employees that have returned to duty following a positive or refused test will be required to undergo frequent, unannounced drug and/or alcohol testing following their return-to-duty test. The follow-up testing will be performed for a period of one to five years with a minimum of six tests to be performed the first year. The frequency and duration of the follow-up tests (beyond the minimums) will be determined by the SAP reflecting the SAP's assessment of the employee's unique situation and recovery progress. Follow-up testing should be frequent enough to deter and/or detect a relapse. Follow-up testing is separate and in addition to the random, post-accident, reasonable suspicion and return-to-duty testing.

In the instance of a self-referral or a management referral, the employee will be subject to non-USDOT follow-up tests and follow-up testing plans modeled using the process described in 49 CFR Part 40. However, all non-USDOT follow-up tests and all paperwork associated with an employee's return-to-work agreement that was not precipitated by a positive test result (or refusal to test) does not constitute a violation of the Federal regulations will be conducted under company authority and will be performed using non-DOT testing forms.

Q. RESULT OF DRUG/ALCOHOL TEST

- 1) Any covered employee that has a verified positive drug or alcohol test, or test refusal, will be removed from his/her safety-sensitive position, informed of educational and rehabilitation programs available, referred to a Substance Abuse Professional (SAP) for assessment. No employee will be allowed to return to duty requiring the performance of safety-sensitive job functions without the approval of the SAP and the employer.
- 2) Following a negative dilute the employee will be required to undergo another test. Should this second test result in a negative dilute result, the test will be considered a negative and no additional testing will be required unless directed to do so by the MRO.

01/2018

- 3) Refusal to submit to a drug/alcohol test shall be considered equivalent to a positive test result and a direct act of insubordination and shall result in termination and referral to list of USDOT qualified SAPs. A test refusal includes the following circumstances:
- a) Fail to appear for any test (except a pre-employment test) within a reasonable time, as determined by the employer.
 - b) Fail to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test has not refused to test.
 - c) Fail to attempt to provide a breath or urine specimen. An employee who does not provide a urine or breath specimen because he or she has left the testing site before the testing process commenced for a pre-employment test has not refused to test.
 - d) In the case of a directly-observed or monitored urine drug collection, fail to permit monitoring or observation of your provision of a specimen.
 - e) Fail to provide a sufficient quantity of urine or breath without a valid medical explanation.
 - f) Fail or decline to take a second test as directed by the collector or the employer for drug testing.
 - g) Fail to undergo a medical evaluation as required by the MRO or the employer's Designated Employer Representative (DER).
 - h) Fail to cooperate with any part of the testing process.
 - i) Fail to follow an observer's instructions to raise and lower clothing and turn around during a directly-observed test.
 - j) Possess or wear a prosthetic or other device used to tamper with the collection process.
 - k) Admit to the adulteration or substitution of a specimen to the collector or MRO.
 - l) Refuse to sign the certification at Step 2 of the Alcohol Testing Form (ATF).
 - m) Fail to remain readily available following an accident.

As a covered employee, if the MRO reports that you have a verified adulterated or substituted test result, you have refused to take a drug test.

- 4) For the first instance of a verified positive test from a sample submitted as the result of a random drug/alcohol test, disciplinary action against the employee shall include:
- a. Mandatory referral to Substance Abuse Professional for assessment, formulation of a treatment plan, and execution of a return to duty agreement;
 - b. Failure to execute, or remain compliant with the return-to-duty agreement shall result in termination from the City of Wayne's employment.
 - i. Compliance with the return-to-duty agreement means that the employee has submitted to a drug/alcohol test immediately prior to returning to work; the result of that test is negative; in the judgment of the SAP the employee is cooperating with his/her SAP recommended treatment program; and, the employee has

01/2018

- agreed to periodic unannounced follow-up testing as defined in Section P of this policy.
- c. Refusal to submit to a periodic unannounced follow-up drug/alcohol test shall be considered a direct act of insubordination and shall result in termination.
 - d. A periodic unannounced follow-up drug/alcohol test which results in a verified positive shall result in termination from the City of Wayne's employment.
- 5) The first instance of a verified positive post-accident or reasonable suspicion drug and/or alcohol test shall result in termination.
 - 6) The second instance of a verified positive drug or alcohol test result for any category of testing shall result in termination from the City of Wayne's employment.
 - 7) An alcohol test result of ≥ 0.02 to ≤ 0.039 BAC shall result in the removal of the employee from duty for eight hours or the remainder of the work day whichever is longer. The employee will not be allowed to return to safety-sensitive duty for his/her next shift until he/she submits to a NON-DOT alcohol test with a result of less than 0.02 BAC.
 - 8) In the instance of a self-referral or a management referral, disciplinary action against the employee shall include:
 - a. Mandatory referral for an assessment by an employer approved counseling professional for assessment, formulation of a treatment plan, and execution of a return to work agreement;
 - b. Failure to execute, or remain compliant with the return-to-work agreement shall result in termination from the City of Wayne's employment.
 - i. Compliance with the return-to-work agreement means that the employee has submitted to a drug/alcohol test immediately prior to returning to work; the result of that test is negative; the employee is cooperating with his/her recommended treatment program; and, the employee has agreed to periodic unannounced follow-up testing as described in Section P of this policy; however, all follow-up testing performed as part of a return-to-work agreement required under section Q of this policy is under the sole authority of the City of Wayne and will be performed using non-DOT testing forms.
 - c. Refusal to submit to a periodic unannounced follow-up drug/alcohol test shall be considered a direct act of insubordination and shall result in termination. **All tests conducted as part of the return to work agreement will be conducted under company authority and will be performed using non-DOT testing forms.**
 - d. **A self-referral or management referral to the employer's counseling professional that was not precipitated by a positive test result does not constitute a violation of the Federal regulations and will not be**

01/2018

considered as a positive test result in relation to the progressive discipline defined in Section Q of this policy.

- e. Periodic unannounced follow-up drug/alcohol testing conducted as a result of a self-referral or management referral which results in a verified positive shall be considered a positive test result in relation to the progressive discipline defined in Section Q of this policy.
 - f. A Voluntary Referral does not shield an employee from disciplinary action or guarantee employment with the City of Wayne.
 - g. A Voluntary Referral does not shield an employee from the requirement to comply with drug and alcohol testing.
- 9) Failure of an employee to report within five days a criminal drug statute conviction for a violation occurring in the workplace shall result in termination.

R. GRIEVANCE AND APPEAL

The consequences specified by 49 CFR Part 40.149 (c) for a positive test or test refusal is not subject to arbitration.

S. PROPER APPLICATION OF THE POLICY

The City of Wayne is dedicated to assuring fair and equitable application of this substance abuse policy. Therefore, supervisors/managers are required to use and apply all aspects of this policy in an unbiased and impartial manner. Any supervisor/manager who knowingly disregards the requirements of this policy, or who is found to deliberately misuse the policy in regard to subordinates, shall be subject to disciplinary action, up to and including termination.

T. INFORMATION DISCLOSURE

- 1) Drug/alcohol testing records shall be maintained by the City of Wayne Drug and Alcohol Program Manager and, except as provided below or by law, the results of any drug/alcohol test shall not be disclosed without express written consent of the tested employee.
- 2) The employee, upon written request, is entitled to obtain copies of any records pertaining to their use of prohibited drugs or misuse of alcohol including any drug or alcohol testing records. Covered employees have the right to gain access to any pertinent records such as equipment calibration records, and records of laboratory certifications. Employees may not have access to SAP follow-up testing plans.
- 3) Records of a verified positive drug/alcohol test result shall be released to the Drug and Alcohol Program Manager, and other transit system management personnel on a need to know basis.

- 4) Records will be released to a subsequent employer only upon receipt of a written request from the employee.
- 5) Records of an employee's drug/alcohol tests shall be released to the adjudicator in a grievance, lawsuit, or other proceeding initiated by or on behalf of the tested individual arising from the results of the drug/alcohol test. The records will be released to the decision maker in the proceeding.
- 6) Records will be released to the National Transportation Safety Board during an accident investigation.
- 7) Information will be released in a criminal or civil action resulting from an employee's performance of safety-sensitive duties, in which a court of competent jurisdiction determines that the drug or alcohol test information is relevant to the case and issues an order to the employer to release the information. The employer will release the information to the decision maker in the proceeding with a binding stipulation that it will only be released to parties of the proceeding.
- 8) Records will be released to the DOT or any DOT agency with regulatory authority over the employer or any of its employees.
- 9) Records will be released if requested by a Federal, state or local safety agency with regulatory authority over the City of Wayne or the employee.
- 10) If a party seeks a court order to release a specimen or part of a specimen contrary to any provision of Part 40 as amended, necessary legal steps to contest the issuance of the order will be taken
- 11) In cases of a contractor or sub-recipient of a state department of transportation, records will be released when requested by such agencies that must certify compliance with the regulation to the FTA.

**SECTION VI.
TERMINATION**

6.1. Termination by City for Cause. During any Term, the Mayor may terminate Employee's employment and any and all rights or benefits of Employee or obligations of the City under this Agreement for Cause. Prior to doing so, the Mayor will seek the sense of the Council regarding such termination through a non-binding vote of the Council, but authority for termination shall ultimately reside with the Mayor.

(i) Definition of "Cause." For purposes of this Agreement, "Cause" shall be defined to include any of the following:

- (1) Employee's conviction or plea of guilty or no contest to any felony or any crime involving moral turpitude, dishonesty or fraud;

(i) Sense of Council. In the event the Mayor, during any Term under this Agreement, terminates Employee's employment for reasons other than Cause, prior to such termination, the Mayor will seek the sense of the Council regarding such termination through a non-binding vote of the Council, but authority for termination shall ultimately reside with the Mayor.

(ii) In the event of termination by the Mayor during any term for reasons other than Cause, the City agrees to pay Employee an amount equivalent to six (6) months of Employee's Base Salary and six (6) months of health insurance premiums at the level of coverage at the time of termination, but excluding the City's obligation for (1) retirement, (2) benefits other than as described above in this Section, and (3) any allowances for said six (6) month period. Such payment shall be made over the course of six (6) months, shall commence within thirty (30) days of termination of Employee's employment by the City, and shall be made on the City's regular paydays and pursuant to the City's regular payroll practices ("Severance").

(iii) Conditions of Severance Payment. As a condition to payment of any Severance to Employee, Employee does hereby waive and release the City, and its elected and appointed officials, managers, employees, attorneys, and agents, from any and all claims of any nature whatsoever which may arise by reason of such termination, including but not limited to, an alleged breach of this Agreement (or any other express or implied contract), or any federal law, state law, or local ordinance, or a constitutional due process claim that Employee's termination by the City deprived Employee of a property interest in continued employment with the City and/or of a liberty interest in Employee's good name and reputation, and will execute appropriate documentation demonstrating such waivers and releases as a condition of payment.

5. Employee, in accepting this Severance, agrees after termination of employment with the City that he will voluntarily participate and cooperate with the City in the defense of the City and its elected and appointed officials, managers, employees, attorneys, and agents, and the prosecution of any action or proceeding about which Employee has knowledge, including any litigation related to these actions. Such participation and cooperation includes, for example, agreeing to speak with the City's attorneys at mutually convenient times regarding the facts of the matter and agreeing to make himself available for a deposition and/or trial.

6.3 Termination by Reason of Employee's Death. If Employee dies during the Term of this Agreement, the City shall only be obligated to pay Employee his Base Salary and other compensation up to and including the date of Employee's death.

6.4 Termination by Reason of Employee's Disability. If Employee becomes Disabled during the Term of this Agreement, the City shall be obligated to pay Employee his Base Salary up to and including the date on which it is determined that Employee is Disabled. For purposes of this Agreement, Employee shall be deemed "Disabled" if a physical or mental condition or impairment renders Employee unable to perform Employee's normal and customary duties under this Agreement, with or without reasonable accommodation. If a dispute arises with respect to whether Employee is Disabled, the Disability of Employee shall be determined by a qualified medical doctor mutually selected by the City and Employee. In the event the parties cannot agree on the selection of a qualified medical doctor, each party shall select one qualified medical doctor and these two qualified medical doctors will mutually select a third qualified medical doctor who will then determine whether Employee is Disabled for purposes of this Agreement.

**SECTION VII.
EMPLOYEE EVALUATION**

7.1. The governing body and Employee shall establish a mutually acceptable procedure for evaluating the Employee's performance.

**SECTION VIII.
INDEMNIFICATION**

8.1. The City shall defend, hold harmless, and indemnify the Employee against any tort or professional liability claim or demand, or other legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of the Employee's duties as City Administrator. The City or its insurance carriers may compromise or settle any such claim or suit, and the City shall pay the amount of any settlement or judgment rendered thereon.
