Mayor Giese stated the motion, and the result of roll call being all Yeas, with the exception of Councilmember Eischeid who was absent, the Mayor declared the motion carried.

Mayor Giese stated the time was at hand for the public hearing regarding the "Workforce Housing Incentive Plan."

The 2018 Nebraska Legislature passed Legislative Bill 496 which amended the Nebraska Community Development Law. The Bill was signed by the Governor in May of 2019. Before the Bill was passed, tax increment financing was generally limited to pay costs of site purchase, utility extension, public infrastructure, sidewalks, planning and certain rehabilitation expenditures. The Bill, among other items, provided that TIF may be used for the actual construction of new workforce housing and rehabilitation costs exceeding 50% of assessed valuation on residential workforce housing units.

Prior to utilizing TIF for workforce housing, the City must (a) receive a housing study within the last 24 months and (b) hold a hearing on an incentive plan for the use of TIF for workforce housing.

This is the next step in the process to use TIF for workforce housing.

Administrative Blecke noted that just because you would approve a workforce development incentive plan does not mean you have to allow developers to use workforce tax increment financing. It is just another tool to allow developers to use vertical construction to use more of their tax increment financing funds.

City Clerk McGuire had not received any comments for or against this public hearing.

There being no public comments, Mayor Giese closed the public hearing.

Councilmember Karsky introduced Resolution No. 2022-27 and moved for its approval; Councilmember Pick seconded.

They then want to move to Area A and then as time allows, into Area C. They are hopeful that they might be able to get all 3 areas completed in 2022, but that is not a guarantee. Maps showing the locations were provided to the Council. On the map for Section A, they noted the red lines will be abandoned and the blue lines are the proposed new mains, and that not much will change except for some short sections of main. Area C has not been designed yet, but the area is outlined in yellow so Council can tell where they will be working.

Administrator Blecke requested that the permit fee be increased from \$800 to \$1,000 per area due to the additional rock that has to be put down.

Councilmember Brodersen introduced Resolution 2022-28, and moved for its approval and increasing the permit fee from \$800 to \$1,000; Councilmember Karsky seconded.

RESOLUTION NO. 2022-28

We request that closed areas on 2nd and 3rd streets be dedicated to handicap and vendor parking.

On Saturday, July 9, the Committee is requesting the closure of the following streets from 6:00 am until 5:00 pm, for the Annual Chicken Show celebration in Bressler Park: 10th Street from Lincoln Street to Douglas Street; Lincoln and Douglas Streets from 10th Street to 8th Street. Intersections at 10th and Douglas, 10th and Lincoln Streets, and 9th and Lincoln are requested to be closed.

The Committee is requesting on behalf on Wayne Kiwanis to close part of East 2nd street from 6 am- 10:30 am on July 9 from the intersection of 2nd and Main to the alley for their omelet feed and seating area.

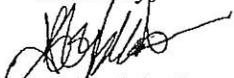

The Committee is requesting the closure of the following streets for the Parade from 9:00 am until 11:30 am (or until the end of the parade): Main Street from 1st Street to 10th Street (including intersections) and 10th Street from Main Street to Lincoln Street. Lincoln Street from 10th Street to 7th Street will also be used for the parade. Parade entries will be instructed to exit west on 7th street or continue south on Lincoln. We would like the parade line up streets (W 1st Street from Lincoln to Sherman and Grainland Road) to be considered closed for the purpose of monitoring entries via golf cart or ATV. Entrants will be informed that candy or other parade toss may not be thrown from any motorized entry.

On Sunday, July 10, we ask that 2nd Street from Main Street to Pearl, and Pearl from 2nd – 3rd including the intersection of 2nd & Pearl street be closed for the Crowing Motors Car Show from 7 am-5pm. The Crowing Motors Car show will take place Sunday afternoon approximately 11 am – 4 pm.

We ask that all street closures be properly identified adequately prior to the street closing so that event set -up is not delayed. The committee suggests that signs be installed early Friday morning for downtown, and Friday evening for Bressler Park and the parade route on 10th and Lincoln Streets.

The Chicken Show Committee appreciates your assistance during this event. Please contact us at 402-375-2240 if you have any questions or concerns regarding these requests.

PRT Complaint Process
(Effective June 1, 2022)

As per council directive, all complaints are to be investigated. Complaints must be in writing. Verbal complaints will only be investigated if they involve conditions which in the opinion of the Code Official pose an eminent danger to life, such as a building ready to collapse, and are visible from public property. All written complaints must contain the following information:

- A. Name of complainant.
 - B. Phone number to contact complainant for additional information.
 - C. Property address.
 - D. Description of alleged violation.
 - E. Supporting evidence, such as photos or professional reports, if they are available.
1. Upon receipt of a complaint regarding the interior of the building or an exterior safety issue, the Code Official, or his designee, shall telephone the property owner to notify them that there is a complaint against their property and briefly describe the alleged violation. The Code Official, or his designee, shall request the property owner set up a date and time for an inspection of the property within the next seven (7) days. In addition to the telephone call, the Code Official, or his designee, shall send via Certified Mail an official request of the same. Any complaint regarding interior or structural issues will result in the Code Official requesting an inspection of the entire building.
 2. If the complaint involves only the exterior of the building and no safety issues, the Code Official will refer the complaint to the PRT for a hearing and recommendation.
 3. Should the property owner refuse to allow an inspection, the Code Official will work with the City Attorney to obtain an inspection warrant whenever possible.
 4. Upon inspection, the Code Official will document any code violations and work with the property owner to set reasonable deadlines for correction. All deadlines will be presented to the PRT for affirmation at their next scheduled meeting. If the Code Official determines the violations are severe enough that they endanger the safety of the occupants, he may set deadlines which expire prior to the next PRT meeting. Should the PRT determine that the deadlines are inappropriate they may set new deadlines and direct the Code Official to notify the property owner in writing of any amendments to the original decision of the Code Official. Any decision of the Code Official may be appealed by the owner to the Board of Appeals in writing within 20 days of the order.
 5. Upon inspection, the Code Official shall place the complaint on the PRT agenda for discussion and recommendation at their next scheduled meeting. Such recommendation shall then be directed to the Code Official for enforcement. The Police Chief will assist the Code Official as deemed appropriate.

6. This process shall not prevent the Code Official from taking necessary steps as outlined in the International Property Maintenance Code (IPMC). If the Code Official deems the structure unfit for occupancy he/she shall have any occupants removed, placard the building, and set guidelines for the building to be occupied again. The complaint and the inspection results shall be brought before the PRT before the Code Official issues a demolition order. In extreme instances the Code Official may take action based upon Emergency measures as outlined in the IPMC.
7. If the property owner fails to comply with a deadline, the Code Official may recommend an extension to the PRT based upon significant progress or in cases of extreme hardship. At the next scheduled meeting the PRT will review any recommendation and either grant an extension or request the Code Official to advertise for bids the required work. Such advertisement shall be published at least twice in a local paper. The bids shall then be submitted to the City Council for action based upon the PRT recommendation.
8. Once the property owner has addressed all code violations, or removed the building according to City Code, the Code Official will verify compliance and report the actions to the PRT at their next meeting. The PRT will then take action to verify that the complaint may be closed or request additional information from the Code Official.
9. Upon closure of the complaint by the PRT, the Code Official, or his designee, shall send written notice to the property owner acknowledging their compliance.
